Two Churches Celebrate Golden Anniversary

St. John Anniversary Events To Extend Through 3 Sundays

Observance of the fiftieth anniversary of St. John Evangelical and Reformed church of Arlington Heights will extend through three Sundays, culminating in the sacrament of holy communion Sunday morning, October 5.

The anniversary program begins Sunday morning when Dr. Louis W. Goebel, president of the Evangelical and Reformed church, will deliver the sermon. The evening service that day is being termed "Friend's Night." The speaker will be Dr. Karl H. Meyer, president of the Northern Illinois synod.

Sunday, September 28 is anniversary festival day with former pastors as the speakers. Rev. Milton L. Straub, LeMars, Ia., will speak in the morning service.

* * *

FOLLOWING AN open house at 4 p.m. with a supper for the congregation and friends, Rev. T. F. Bierbaum, Bensenville, and Rev. Rudolph J. Kalwitz, Milwaukee, will speak at the evening service.

The story of St. John church is most interesting. It began when August Hahnfeldt, an Arlington Heights resident in February, 1902, approached Rev. J. C. Hoffmeister, pastor of St. Paul church, Palatine, asking if he would help start a church in Arlington.

The first service was held on a Sunday afternoon in the Presbyterian church. Interest grew and within a month 12 men banded themselves together to form a church. Four months later interested families decided to build a place of worship. The present property on N. Evergreen was purchased. Five months later the church building was completed and Rev. Wagner became its first pastor.

* * *

THE PRESENT parsonage was completed in August, 1904. Two acres were purchased in 1906 on E. Euclid as a cemetery. During the succeeding years pastors serving the congregation were Rev. Bierbaum, 1907 to 1913; Rev. J. H. Ellerbrake to 1924; Rev. Straube to 1936; Rev. R. J. Kalwitz to 1941.

Rev. W. F. Kamphenkel, the present pastor, preached his first sermon June 3, 1941. Many improvements were made in the parsonage and church during the succeeding years. The exterior was modernized, new seats installed, many conveniences added to the kitchen, and hardly a year passed without a major change.

During the 50 years there have been 640 baptisms and only 370 deaths. Confirmands have numbered 505, and communicants 13,004.

Cook County Herald, February 28, 1902: St. John's German Evangelical church was organized at Arlington Heights, Sunday, March 2. A constitution was adopted and officers elected. Services will be held at 1:15 p.m. every Sabbath in the Presbyterian church.

Rev. J. C. Hoffmeister of Palatine will officiate as pastor and general manager until further arrangements are completed. The St. Paul's church choir will come over and assist in the services next Sabbath. Everybody is invited to attend and join us in God's service when they can.

Seek Man To Fill Position Of Public Works Commissioner

Trustee Edward Carlisle told the village board Tuesday night that it was time to take action to employ a public works commissioner. The village problems have become "big business" now and it is imperative to hire a man who has a knowledge of sewer, water and streets to be responsible for these jobs.

Carlisle made a motion that the village start looking for a man to fill this position. The motion was carried 5 to 1, with Trustee William Luehring voting no.

The board was informed the Public Service company was erecting a booster station on the second lot east of State rd., south of Central. The property does not lie within the village and permission to erect the station was given by the Cook county zoning board.

A man, representing Mrs. Emma Kosmin, who operates a tavern at 1 E. Davis st., protested the restriction of no parking on Dunton ave., which runs along the west end of the tavern. He said since Mrs. Kosmin had to help pay for the recent improvement she was entitled to some benefits from it, the same as other property owners along the street.

The board will ask the street department to mark off three or four parallel parking spaces in order that the improvement might be utilized to the benefit of the property owner.

Delay Dedication Of New Youth Building

Dedication of the new youth building of St. Peter's Lutheran church has been postponed until October 26. The delay was caused by difficulties encountered by the contractor.

Many people who have had a preview of the building are loud in their praise. Members of the Lions club are looking forward to the time when their meetings will be held in a room with acoustic ceilings and asphalt tile flooring.

School Board Rejects Bids On New Buildings

Following a public opening of bids on two new elementary schools September 10, the board of education of District No. 25, Arlington Heights, voted to reject all bids and resubmit the plans for new bids.

The bids were rejected, President Robert Lockwood said, because the totals exceeded the amount the school district has in the special building fund authorized at the referendum June 2 and because the board was advised by its architects that the bids were not in line with current building costs.

* * *

JUNE 2 VOTERS approved a $475,000 bond issue. Of this amount, $30,000 was earmarked to complete the Dryden Place school and $38,000 was designated for land acquisition adjoining the South school-Junior high school site. This left $407,000 for the construction of a new South school of seven rooms and an Arlington Ridge school of six rooms. Total cost of the two buildings, based on the bids received and including architects' fees and equipment, would be well in excess of the amount available.

New bids will be opened October 20 and the board is hopeful that contractors will figure the jobs more closely on this second bidding. An addenda will be given all bidders, which will provide for certain alternates, which can be omitted from the contract, if necessary, in order to stay within the budget.

The board is still hopeful that work can get under way this fall so these two buildings can be completed for occupancy next September.

Shop Center Hearing September 25

The Arlington Heights zoning board of appeals will continue its hearings on the Pfluger property, which the owners are seeking to have rezoned from residential to business classification, September 25, 8 p. m., at the village hall.

* * *

IF REZONED the property will be developed by John Lindstrom, Inc., which plans to erect a large shopping center on the site. To date the proponents' case has been heard and the opponents are expected to present their side of the question at the September 25 hearing.

The site is located on the east side of S. State rd., south of South st. and north of Grove.

Kids' Day To Be Held In Heights September 27

The celebration of National Kids' day in Arlington Heights is planned for Saturday, September 27. Jack Wiese, chairman of the Kiwanis club's committee, said the event will include a Kids' day button sale and entertainment in the form of a special show.

The entertainment is scheduled to take place at the Arlington Theatre, the local Kids' day chairman said, and tickets are now on sale at the theatre box office.

Funds raised in the button sale will be used to sponsor a Little League baseball team and other local youth sports activities.

Mikke, The Poodle, Selects TV Programs

Francis, the Mule, of movie fame, has nothing on Mikke, the Poodle, who is a member of the family of Mr. and Mrs. Robert Mook, of Hillside Studio.

Mikke is a connoisseur of TV programs. Fortunately he approves the taste of his masters. He barks the others off the air.

The poodle gives close attention to the screen and approves of such programs as American Forum of the Air, Boston Blackie, What's My Line, the Robert Montgomery presentation, etc.

Mikke has signified that he would be glad to receive comments from other poodles. "I am doing my best," he says, "to clean up the T-V shows. If other poodles will help, we may be able to sell human beings on only worth-while programs."

EFFECT OF PROPOSED STATE AMENDMENT TO BE EXPLAINED

A series of articles on the three proposed amendments to the state constitution will start next week. Their adoption will make possible a change in the present taxing system of the state.

Arlington Park Board Buys New Play Field of 23 Acres

Approximately 23 acres consisting of four blocks bounded by Grove and Fairview sts., between Kennicott and Fernandez aves. in the Arlington Manor subdivision, will be the location of a new southwest playfield.

William H. Spomer, president of the Arlington Heights Park District, reported the purchase of 75 lots at a meeting of the board of commissioners last Monday. When the remaining five lots are acquired, two blocks of Park st. and Kaspar ave. can be vacated to create one parcel of land, with streets on four sides of the tract.

School district 25 recently purchased park land between the South school and the site of the new Park street school, for $1[illegible],850. This enabled the park district to make the down payment on a much larger piece of land, more suitable for future development when it is required by the growth of the village. No bond issue will be presented to the voters, inasmuch as the board of commissioners plan to pay the balance of the purchase price over a period of five years from land acquisition funds in its regular corporate budget, with no increase in the local tax rate.

While the demand for bond issues to finance new school buildings has been so urgent, it has been the policy of the Arlington Heights Park District to keep its tax rate at approximately 20 cents per hundred dollars of tax valuation. It is hoped that any major development of park areas which requires financing by a bond issue can be delayed until 1956. At that time outstanding bonds issued largely for Recreation park, will be retired. New funds could then be obtained without increasing the tax rate, to meet the costs of construction projects demanded by the expected increase in population.

There is only one residence facing the new playfield at the northeast corner of the tract, and it offers a possible solution for the removal of carnivals held each summer on Douglas ave. The problems of street access to parking areas, water and electric power need to be met, unless a better location for carnivals is found.

The master plan report of Stanton and Rockwell proposes that Ridge ave. be a north and south through street, which will be one block east of the new playfield. The south boundary will face a through street when Fairview st. is extended west. During the period negotiations for the new park site were carried on by Nat T. Burfeind as attorney for the park board, the professional town planners were engaged in the research work for their report, and their approval was obtained. The playfield is probably the first project in the report being considered by the Plan Commission, to be acted upon.

Audit Shows Financial Status Of Village

Arlington Heights may not be the largest taxing body in the village, but it stands first in direct contact with its residents. It spent $300,000 last year, independent of bond issues and the water and treatment plant projects.

A resume of the annual auditor's report, published in this week's issue, tells a financial story that should be interesting to the average tax payer. The total appropriation figure was $311,000 for the last corporate year. The amount actually expended was $292,000. The comparative statement of appropriations and costs tell where money was saved and where the persons who prepared the budget guessed wrong.

There are other figures that are just as interesting. Arlington has a growing police benefit fund which totaled $12,000 April 30. $7,000 of that amount is in government bonds. In addition to a very small tax, the law provides that a percentage of all fines and licenses are credit it to that fund. The police officers, themselves paid in last year over $2,000.

The operating statement of the water department gives gross receipts of nearly $70,000 and an operating profit after deduction for bonds, etc. of $8,000. Penalty payments were $400.

The various building permits and special fees amounted to $14,000 for the year, which represents a profit of approxmately $8,000.

There were a lot of people who paid fines last year, over $7,000 worth. Cafeteria court fines of $1.00 each brought in over $500. There were 515 persons who parked overtime, only eight of them doing it more than once.

Miscellaneous income amounted to $4,000. The saving account of the village with the state highway department totaled $74,000 April 30, but a lot of that balance has since been paid out on the Dunton street widening.

All in all, Arlington Heights is in an excellent financial condition.

Cardinal Stritch To Dedicate St. James Church This Sunday

More than a thousand years of tradition lies behind the ceremony which will take place Sunday at St. James Catholic church, Arlington Heights.

At 12 noon, a procession will begin from the rectory. His Eminence Samuel Cardinal Stritch will dedicate the new colonial or Georgian church building. Members of the Holy Name society will act as an honor guard during the outdoor procession.

The rites are solemn and impressive, symbolizing and consecrating the new church to sacred uses. Various members of the clergy and parish organizations will participate in this greatest event of the parish history, since it also marks the fiftieth anniversary of the founding of St. James Catholic parish.

His Eminence the Cardinal will preside at the solemn high mass immediately following the ceremony. The pastor of St. James, Rev. George J. Stier, will celebrate the solemn high mass. Assisting him, will be Rev. Aloysius Stier of Warrenville, Ill., and Rev. George Ballweber of Buffalo Grove.

Rev. Warren McCarthy will be master of ceremonies for the solemn high mass. Assisting the Cardinal will be Rt. Rev. Msgr. Joseph Wagner, former pastor of St. James. Rev. Harold O'Hara of Our Lady of the Wayside in Arlington Heights, and Rev. Thomas O'Brien of Mount Prospect will be deacons of honor to His Eminence.

* * *

MASTER OF ceremonies for this sacred ceremony at the throne will be Rt. Rev. Msgr. James Hardiman, vice-chancellor of the diocese. Thirty-five priests are expected to participate in the procession, dedication service and solemn high mass.

The Cardinal will proceed to the front of the church, where a prayer asking God's blessing on all parish actions will be recited. The Cardinal will walk round the exterior of the church, sprinkling the walls with holy water. Meanwhile, the ancient 50th Psalm, the penitential song of God, will be chanted. After kneeling at the front of the church, the Cardinal will rise to call down God's blessing on this new church building.

As the procession enters the church, the most impressive part of the ceremony takes place with the chanting of the Litany of the Saints. A link is established with the traditional Saints of the church, since the litany asks for the help of the angels, the early apostles and martyrs, the martyred virgins, the founders of religious orders. Thus the ages of the church are united in this prayer. A triple invocation to the Blessed Trinity ends the litany.

CC Unanimous in Endorsement of Parking Plan

Arlington Heights Chamber of Commerce went on record Tuesday noon as accepting in principle the report of Stanton and Rockwell as applied to increased parking facilities in the downtown shopping disdistrict.

The approval was given by a unanimous vote taken at a noon luncheon and attended by over 40 members. The luncheon was primarily arranged to take action on the report.

Exceptions taken to Stanton and Rockwell plan are:

1. That the depot remain where it is.
2. That the railroad crossing at Evergreen remain open.
3. That Davis st. remain in its present location, but be widened.

The members asked that there be no delay and in a second motion the village board was urged to take immediate action to:

1. Widen Davis st. from State rd. to Highland extended.
2. Widen Campbell st. to Chestnut.
3. Begin proceedings to acquire for parking an area between Dunton and Vail, marked "K 124A" in the engineer's report.

A map showing the thought of the Chamber of Commerce, appears on page 8 of this issue and the reasons why the business men ask for immediate action.

Before Arlington Heights village board gave its approval to the new postoffice plans, the owner of the property agreed to pay the cost of widening Campbell st. immediately adjoining his property. Practically all the owners of Campbell st. property, at present used for business, are in favor of the project. It is presumed that state gas tax funds will be used in the same proportion as occurred in the Dunton st. widening.

Auto Rams Bus Stopped To Pick Up Passengers

An auto driven by Fred C. Hawes, Huntington, Ind., rammed the rear of a United Motor Coach bus Sunday morning at Northwest hwy. and Harvard ave.

The bus had stopped to pick up passengers and Hawes, who was traveling some distance behind, was unable to stop in time to avoid the collision. Skid marks at the scene measured 90 feet, according to the police report.

Mrs. Helen Hawes received a nose injury, which required three stitches. The front end of the auto was badly damaged.

The plate glass window at Piper's Chocolate Shop, 15 E. Campbell, was smashed late Sunday night when a motorist put his auto in wrong gear and went forward instead of reverse.

Trustee Harry Robinson Resigns From Board; Moving To Florida

Trustee Harry K. Robinson tendered his resignation to the Arlington Heights village board Tuesday night, to become effective after the October 7 meeting.

Trustee Robinson, who has served on the board since 1949, has purchased a business in Ft. Lauderdale, Fla., and he and his wife will be leaving October 9 to make their future home there.

A professional engineer by trade, Robinson has been a valuable asset to the board, especially since the village has grown rapidly, necessitating the building of many new streets. For the past 25 years he has been employed with the Cook County Highway department.

The board accepted Robinson's resignation with regret. They will entertain the Robinsons at a farewell party before their departure.

Recommend Extension Of State Road Sewer To Solve Flooding Of Area

Village engineers recommended to the Arlington Heights village board Tuesday night that a 225-foot extension sewer be put along S. State rd., north of Rockwell st., to solve the flooded conditions in that area during heavy rains.

This report was a result of an investigation made following the heavy Labor day rainstorm, which flooded basements throughout the southside area. Engineers found the new Rockwell st. extension was installed correctly, but the extra load of water going through the sewer during a heavy rain could not be carried away fast enough because of the lack of proper connections at State and Rockwell, and other points along State rd.

The board will take the matter under consideration before issuing a change order to make the improvement.

* * *

IRATE CITIZENS living along Oakton ave. appeared before the board asking that something be done about the deplorable condition of that road. They complained the dust was so thick they were unable to have their north windows open at any time. When it rains the road is a mudhole and motorists drive up on their lawns to avoid getting stuck.

The board informed the complainants it was not up to the village to improve streets. Since this street has never been improved they were not responsible as to its condition. It was suggested the group get together and work out a method of getting the street paved, after which the village would take over the upkeep.

A letter written by Mr. and Mrs. Leslie R. Grant, 211 S. Haddow, was read during the meeting. It protested the use of Recreation park for carnival purposes, and cited numerous examples upon which they based their objections.

Special committees from the village and park boards, and from the Legion, VFW and fire department, the three organizations holding carnivals on the grounds, will meet September 22 at the village hall to try and work out a solution to the problem.

* * *

A PERMIT was granted the Wheeling Lions club to hold a professional wrestling exhibit at the Arlington Heights high school September 26.

Roland Franzen, 811 S. Beverley lane, told the board that residents along his street would like some action taken to alleviate the flooded conditions resulting after heavy rains. The village engineer will check the street and bring back a report to the board.

Permission to erect a salesroom and showroom on the property adjoining the present Sellmer greenhouses on N. State rd. was sought by a prospective purchaser of the property. The property is zoned residential but it was used to conduct a greenhouse business long before the zoning laws were enforced in the village. The board took the matter under advisement.

ART JACOBS was given permission to move the frame house at 4 N. Pine to a lot south and adjacent to the new library on N. Belmont.

Joseph Buncik was appointed as a special police officer to guard school crossings.

The water tower will receive a new coat of paint within the next two weeks as a result of a contract awarded to James Hanlon and Sons. The job will cost $1,375.

All National and Local Charities To Be Included in Drive

William A. Gerbosi has accepted the invitation of the board of directors of the Community Chest of Arlington Heights to head the Community Chest drive to be conducted in October. Mr. Gerbosi is general manager of the Jewel Tea Company, with headquarters in Barrington. He resides at 300 E. Rockwell st.

WILLIAM GERBOSI

The first general meeting for the campaign was held at the field house September 10. Some 50 representatives of local organizations were present. Nicholas M. Lattof, president of the local Community Chest, stated that this was the first time in the history of Arlington Heights that a Community Chest was organized. He further said that the Community Council had approved the organization of the Community Chest after making exhasutive studies over a long period of time.

Mr. Lattof introduced Mr. Gerbosi, chairman of the campaign, as a leader of great experience and wide contacts. Mr. Gerbosi then outlined his plan for the drive and led a most interesting discussion period. The reasons and whyfors of a Community Chest in Arlington Heights were pointed out. It was the consensus of opinion that unless all agencies were included there would be no reason for a Community Chest Fund. Mr. Gerbosi gave the following as advantages of the Community Chest:

1. More money is obtained from more givers, thus attaining more widespread and adequate support of necessary social and health services.
2. Economies are effected in the use of volunteer service.
3. All interested groups in the community unite in unselfish effort for their common good.

Local organizations which make customary annual drives for civic purposes were asked to submit their request as soon as possible to the budget committee.

Mr. Gerbosi also urged all organizations, which are members of the Community Council, to mail to Mrs. George Tuttle, secretary of the Community Chest, lists of volunteer workers as soon as possible. There are 2500 homes in Arlington Heights. A maximum of ten homes to a solicitor means that 250 solicitors are needed to supply the manpower for the drive.

Mr. Gerbosi is very enthusiastic over the success of the campaign. He is sold on the Community Chest. He expects that every agency participating will receive, under this method of collection, more funds than were collected under the individual campaign plan.

The officers of the Community Chest of Arlington Heights are:

Nicholas M. Lattof, president; George K. Volz, 1st vice-president; Henry Hutten, 2nd vice-president; Mrs. George Tuttle, secretary; Arthur Franzen, treasurer.

The following were elected to the board of directors for one to three years:

One year term—Arthur Franzen, Mrs. W. Hartmann, Henry Hutten, William Meyer Jr., Mrs. Harold Olson, Albert C. Peters, Rev. Richard Rosemeyer, (alt. John Randag).

Two year term — Nat Burfeind, W. Hanson Jr., Gus Heidorn (alt. Henry Hoeft), Dave Heinemann, Malcolm Lund, L. McAuliffe, Mrs. Dan Schueren.

Three year term—Robert Bishop, Q. K. Ford, Rev. Wm. Kamphenkel, Nicholas M. Lattof, Dr. L. L. Linn, Mrs. George Tuttle, George K. Volz.

The following committees have also been appointed:

Executive committee — Nicholas M. Lattof, chairman; George K. Volz, 1st vice-president; Henry Hutten, 2nd vice-president; Mrs. George Tuttle, secretary; Arthur Franzen, treasurer, Lawrence Dahlgren, William A. Gerbosi, George Hoban, George Poole.

Special gifts committee—Nicholas M. Lattof, chairman, Gale Blockie Jr., C. P. Calre, William A. Gerbosi, George Poole, John Randag, Dan Senne, William Trude.

Budget committee—William A. Gerbosi, chairman, Richard Black, Robert Blackburn, Edward G. Carlisle, Lawrence Dahlgren, Forrest Davis, Arthur Franzen, Lester T. McAuliffe, Mrs. Harold Olson, Mrs. George Tuttle.

Public relations committee—Malcolm Lund, chairman, Lawrence Dahlgren, Stuart Paddock.

A Message To The Arlington Merchants

Nelson Hauff, secretary of the Chamber of Commerce of Arlington Heights has received information that businessmen are being solicited by a welcoming service to include Arlington Heights, Prospect Heights and Mt. Prospect.

He reminds local firms that the Arlington Heights Chamber of Commerce conducts a welcome service to new residents.

Arlington Heights merchants participate in the service which only costs 25 cents per family, called on by the Chamber's representative. At the close of each month, each business firm participating is furnished with a list of the families who have moved to the Heights in the prior month.

Each church of Arlington Heights is also furnished a list of the newcomers so that the pastors of our churches can contact them. It is very doubtful if the private service is as cheap.

Those merchants who do not participate in the Arlington Heights Chamber of Commerce welcoming service are requested to contact the Chamber at 113 E. Davis st., says Mr. Hauff, who adds, "Why not promote our own welcome to new residents. Its cost is almost negligible." Phone Clearbrook 3-1703 for further information.

Babies Better Protected

Babies under six months of age may not be wholly immune, but they are better protected against polio than older children because they have as many antibodies in their blood as their mothers, and because they are seldom exposed to the virus.

CIRCLING THE TOWN

BY PHYLLIS KNIGHT

It's St. Peter smorgasbord time again, and the very name conjures up visions of food-laden tables with all manner of selection and all any one—even the hungriest, could eat.

What's more the ladies of St. Peter Mother's club—who have been holding the affair for a good many years now—strive to keep the price down, too, so the meal is a bargain as well as a treat. This year it costs $1.25 for adults and 65 cents for children.

The women think of "extras" as well, for there'll be highchairs for the youngest children and a special table for business men and women who must hurry back to their stores, kept open Friday night.

But, of course, people who go to the St. Peter smorgasbord don't go for the "extras;" they go for the good food. This year four of the more famous dishes have been featured in the Herald's "Favorites for Flavor" column, two cakes, a recipe for meatballs and a casserole dish.

The serving table — running nearly the length of the room—will be topped by the ham, which is placed on each plate first. From there the guest may proceed down the line, choosing his favorites from the abundant selection. There are numerous hot dishes, salads of all types, relishes, deviled eggs, etc. The problem, in short, seems to be to find room on a plate for all that tempts the eye.

Each table in the dining room features a basket of homemade cake, variety the keynote with all kinds in each collection.

There'll be many Arlington women who won't be cooking their families' dinner a week from Friday, Sept. 26, the night of St. Peter Mother's club smorgasbord. Serving begins at 5 p.m. and will continue until every one has had his fill.

Magazines For Sale

Another of those painless ways of helping a good cause is the high school magazine drive now in progress. The boys and girls of the school are canvassing their friends and neighbors, offering to take subscriptions to all magazines at regular prices.

The high school profits from the commission companies give them as salesmen of their publications, and boys and girls receive prizes for selling a goodly number of subscriptions.

Money earned from this project helps pay for these activities otherwise possible only on a much smaller scale, such as the band, yearbook and athletic program.

New Service

A new service for Arlington Heights will soon become a reality. It's truly new to the village, too, for the service is a Federal Savings and Loan association, something Arlington has lacked.

Currently those who want the banking-with-higher-interest privileges or the loan facilities of such a firm must go out of the area. If the Federal Home Loan Bank board grants the application to establish this association Arlington will be one step nearer a self-sufficient town.

Simple Meal

Simple dessert for a simple meal can consist of sponge cake shells purchased from the store. Fill each shell with strawberry or raspberry jam, then top with whipped cream flavored with almond extract.

Another milestone in the history of your new library! The new and improved catalog cards have been completed and placed in the adequate and attractive new card file cabinet in the main room of the library.

No need now to know the author of a book if you know the title, or vice versa, or perhaps you know the subject of what you are looking for. The master file, with cross references, will aid you in locating the book of your choice.

EXAMPLE: The book entitled "How to Win Friends and Influence People," by Dale Carnegie, may be found under Carnegie, the author, in the drawer marked C; under "How to Win Friends and Influence People," the title, is in the drawer marked H; and under Psychology, the subject, in the drawer marked P.

All books about a person may be found under his last name.

The number in the upper left corner of each card shows where the book may be found on the shelf. Non-fiction books are arranged on the shelves in numerical order from 010 to 999, and under each number alphabetically by author.

Fiction books are placed on the shelves in alphabetical order by the authors' names.

If you cannot find the book you want, the librarian will be glad to assist you.

New books:

IN HER LATEST book "Giant," Edna Ferber, has written the story of Texas today: the staggering bigness — and the pathetic littleness — of a country within a country. It is the sort of book that only Miss Ferber could write. Every detail is here to give a revealing picture of this remarkable state and its proud, lusty, and strangely preoccupied people. Giant is a Book-of-the-Month club selection.

* * *

"Gateway to Fortune," by Peter Bourne. The last great frontier in American history forms the background for this stirring and dramatic novel by the author of "Drums of Destiny." From the very first page, Wesley Adam, a young American surveyor, is caught in the surge of great events surrounding the building of the Panama Canal and, as the narrative sweeps ahead, he is torn by emotions as brutal as the tropic storms which lash the jungle.

* * *

Who are the Landsmen? They are your countrymen, wherever met, in whatever part of the world. Rising out of the mists of long ago, the landsmen of Golinsk, whom you will meet in Peter Martin's new novel, the "Landsmen," address themselves directly to your heart, unfolding their lives and their time in the language everybody understands, the language of human experience.

* * *

"The Far Country" by Nevil Shute. New lives for old—on a fresh, vital, expanding frontier! That is the exciting background of this heart-lifting novel by the "master weaver of romance and adventure."

* * *

"Sam Clemens of Hannibal" by Dixon Wecter. This is the first definitive biography of the real Tom Sawyer—the fun-loving practical joker whose youth in a Mississippi river town typifies the golden age of American boyhood.

* * *

"The Tundra World" by Theodora C. Stanwell-Fletcher. Here is a very real and beautiful account of the effect of a tundra world not only on plants and animals, but also on human life and character, based on the author's experiences in one of the last frontiers of the world — the edge of the arctic tundra.

* * *

OTHER NEW books include: "Blessing of the Hounds," by Alexandra Phillips; 'Hugh Walpole," a biography, by Rupert Davis; the "Best Loved Trees of America," by Robert S. Lemmon; "Adlai E. Stevenson of Illinois" by Noel Busch; the "Lovers" by Kathleen Winsor; "From Under My Hat" by Hedda Hopper and "the Doctor Takes a Wife" by Elizabeth Seifert.

For those interested in millinery there is a new book "Restyle Your Hats" by Drucella Lowrie, with practical suggestions and illustrations of easy ways to make your older hats look new, different, and sometimes even prettier than they first looked in the store.

* * *

For the grammar school boys and girls the third set of "Real Books" just received will be a real delight. The ten books include such fascinating titles as: the "Mounties"; "Pirates"; "Buffalo Bill"; "Bugs, Insects and Such"; "Daniel Boone"; Andrew Jackson"; "American Tall Tales"; the "Wild West"; "Farms and Easy Music-Making." All are available now in the children's room.

PTA To Sponsor Room Mothers' Meetings

Following the practice of past years, the Arlington Heights Parent-Teacher association will sponsor room mothers' meetings at each of the four public schools during the last week of September.

The purpose of such meetings is to enable the school mother, the teachers, and the appointed room mothers of each school to get acquainted and lay plans for Parents' night, which takes the place of the regular PTA meeting each October.

Mrs. Stanley Myers, school mother for the North school, will act as hostess to the teachers and room mothers there Thursday, September 25. Mrs. John J. Solon will entertain at the South school Monday, September 29; Mrs. Richard W. Bardach at the new Dryden Place school Tuesday, September 30; and Mrs. M. high school Thursday, October Edward Smith at the Junior 2. All meetings are scheduled for 8 p. m.

Holds Card Tables

A narrow piece of wooden molding nailed on the floor near the wall of a closet or alcove will hold card tables upright for storage purposes.

Employ Additional Teacher At Arlington High

Miss Norma Petefish took over her duties as teacher of biology and English at Arlington Heights high school Tuesday. She was employed due to the unusually large enrollment in the freshman class. This brings the teaching staff total to 63.

Miss Petefish came from Springfield. She received her BA degree from Carleton college, Northfield, Minn., and for the past three years she has taught junior high school in Taylorville, Ill.

Ruth Van Duesen Opens Own Realty Office

"Ruth C. Van Deusen, Real Estate," reads a new sign at 11 S. State rd., Arlington Heights. Mrs. Van Deusen, who has been connected with other realty firms the past two years, is now strictly on her own. She formerly operated the Golden Miller antique shop at that address.

She entered upon the real estate business Monday, which, incidentally was the 18th birthday of her son, Jan, a senior in the local high school.

"Of course, when I sell a home to a new resident, I may be tempted to point out the natural position of a choice piece of furniture," says Mrs. Van Deusen, "but I will not say a word. I am in the real estate business and will forget antiques except as a hobby for myself."

NEW NEIGHBORS .... IN THE CITY OF GOOD NEIGHBORS

Mr. and Mrs. Henry Knippenberg
443 Banbury rd.

Mr. and Mrs. Henry Knippenberg moved to Arlington Heights from Des Plaines April 25. They had lived in Evanston before moving to Des Plaines. Love of a small town and the peace and quiet which are a part of it attracted them to Arlington.

They have a daughter, Karen, who is 2½ years old, and a son, Paul, 3 months.

Mr. and Mrs. Armand Van Huele

Mr. Van Huele is a textile salesman.

Their children are Denise Marguerite, who is 3 years old, and Christine Harriett, just 3 months old.

Getting their home into the condition they would like takes up most of their time now, according to Mrs. Van Huele.

Welfare Group Plans Activities, Postpone Parliamentary Class

Mrs. Reider Rye Haugan, district welfare chairman of the Illinois Federation of Women's clubs, seventh district, has called a meeting of all club welfare chairmen in the district at her home, 3619 Bernard st., Chicago, September 25 at 11 a. m. Lunch will be served.

Plans for the club year will be outlined by Mrs. Haugan at which time all club chairmen will give a complete report on the anticipated activities in their respective clubs.

This year the district plans to furnish a room at the Lutheran Deaconess Day Nursery, 1802 N. Fairfield ave., as one of their main projects. A new $50,000 building was dedicated recently.

With this new addition at least 80 children can be cared for. The school is open from 7 a. m. to 6 p. m. Mondays through Fridays, and since its beginning in 1911 has cared for children of working mothers.

Unforeseen circumstances have made it necessary to postpone September 18's parliamentary classes conducted by State Representative, Marie H. Suthers, for leaders of seventh district federated clubs.

The next regular session will be held September 25 with the final session now scheduled for September 29 at 1:30 p. m. Meetings are held at the Wilson Park field house from 10 a. m. to noon.

Presbyterian Women To Hold Benefit Party

The three course luncheon under the direction of Mrs. Gladys Montgomery, home economist of Evanston, is known as "Luncheon is Served" and is provided by several food firms in the Chicago area. Mrs. Montgomery will speak briefly following the luncheon.

Mrs. Moore is being assisted in luncheon plans by the house and hostess chairmen of the Women's Association, Mrs. Frank Havranek and Mrs. Fred Clark, as well as the stewardship committee. Stewardship committee members include Mrs. Robert W. Hutchinson, Mrs. Earl Riley, Mrs. Gordon Gullickson, Mrs. Richard Black, Mrs. Frank Brodnan, Mrs. Edward Miller and Mrs. Enoch Jordan.

Mrs. C. Victor Brown will review the latest book by Thomas Costain, "The Silver Chalice." The book is fiction and concerns the early Christian church and its struggles for existence. Mrs. Brown, wife of the Rev. C. Victor Brown, has given many reviews in the local church as well as in other Presbyterian churches in the area.

Price of the luncheon and book review will be $1 with the total number of tickets sold limited to 125. Tickets may be purchased from any circle chairman of the association or through information obtained by calling the church office. A nursery will be held for children who are not in school.

Ladies' Aid Entertains Old Folks

The Ladies Aid of Hope church, Chicago, entertained residents of the Lutheran Home and Service for the Aged, Arlington Heights, September 10, with their all-girl kitchen band revue.

Under the direction of Teacher L. Hettlinger, the band played a lively opening selection with their instruments which included such kitchen utensils as the frying pan banjo, the puddin' pan horns, flour sifter bugles, bread box and scrub board drums, plus many more unique combinations.

Their program included the following: "Ida," "Put on Your Old Grey Bonnett," "A Merry Life," "The Jolly Coppersmith," "Dance Me Loose," and "Under the Double Eagle March."

The German numbers were joined in by most of the residents and included such favorites as: "Ach, Du Lieber Augustine," "Du, Du, Liegst Mir Im Hertzen," and "Oh Suzanna."

Probably the most enjoyed part of the program was the clever rendition of the ever popular musical game, Schnitzelbank, which proved to be a huge success, even though the ladies insisted that they have a Scotchman among their group who had difficulty in spitting out, "Ist Das Nicht."

The finale came in the form of the popular "Aufwiedersehn," which was sung with appropriate accompanying words by Mrs. Hettlinger. The ladies of Hope church closed their entertaining program with the instruments blaring while they marched throughout the entire building.

should I wait till morning?
We are often asked where death occurs during the night if the family should wait until morning to call the funeral director. No, it is most important that the funeral home be notified at once. Our staff members are instructed to respond to each call promptly, day or night.

Korean Vets Should Address Regional VA For Education

Robert D. Beer, manager of the Chicago veterans administration regional office, told veterans how they can prevent unnecessary delay in applying for education and training under the new Korean GI bill.

Veterans should send their completed applications for training to their nearest VA regional office, and not to VA's headquarters in Washington, D. C.

The Washington Headquarters does not process any of the applications for training taken in the U.S.A.

Parking In Down Town Shopping District Solved

Awaits Village Board Action

THE EXPANSION and growth of Arlington Heights has been remarkable. So remarkable, in fact, that it has outgrown its schools, churches, recreational facilities and, yes, even its business district. This growth has been so rapid, that even those highly trained and skilled in the art of city planning found it difficult to keep pace.

Visualizing the need of an expanded business district, on recommendation of the Plan Commission, the village board acquired the services of Stanton and Rockwell, planning engineers, to work out a plan for Arlington Heights that would not only serve to relieve immediate parking problems but a "long range plan" that would serve the needs of the village for many years to come. This plan would necessarily centralize the business district using the railroad station as a hub affording easy access to stores for commuters as well as "shop by auto" customers. A "centralized business district would be in line with modern suburban planning."

After many months of careful study the firm has presented a plan that not only meets all of the requirements of a modern shopping district with ample parking facilities but also includes features that will bring a new beauty and attractiveness to an old district that served Arlington Heights so well for so many years.

A careful study of the Stanton and Rockwell plan will convince even the most skeptical why this plan was not only approved but eagerly accepted.

Just as the schools have overcome their problems by the erection of new schools and additions, just as the churches have satisfied the needs of patient congregations, the Arlington Heights business men are ready to take their part in the challenge of an expanding community.

While we all agree that this new development is now in the plan stage, one phase of it has been completed — the widening of Dunton st. The second phase — the remodeling of the railroad station — is now in progress.

The next step is the widening of Campbell st. from Chestnut to Evergreen, Davis st. from Vail to State rd., and the installation of a parking area between Vail and Dunton as indicated in above map.

The widening of Campbell and Davis can be started immediately.

"They're always rough on us, particularly early in the season. We fear 'em." Thus spoke Marmion coach Joe Nardone Wednesday when interviewed regarding his team's outlook towards Arlington. Marmion reportedly has a green team with just three regulars back, though the squad appears well balanced.

Driesem, 175-pound fullback, and two linemen, 165-pound guard and captain Tehan and 190-pound tackle Perez are all returning veterans.

* * *

FOUR SOPHOMORES on the squad include 180-pound Brennan at left guard, 140-pound quarterback Torres, and the two starting halfbacks, 145-pound Mayer and 160-pound Brummel.

Other weights in the line include 170-pound Cahill at left end, 175-pound Weiler at left tackle, 175-pound Dobbins at center and 160-pound Pauley at right end.

It's a heavy line, outweighing the locals.

TO DATE four contests between the two schools have been played, dating back to 1948. Marmion won the first one, dropped the second, won the third. Last year the two elevens played to a scoreless tie.

Both teams had about the same record last season, with Marmion winning one out of eight. Game time Friday night will be 6:15 with the frosh-sophs taking the field prior to the varsity contest.

* * *

A COUPLE of changes in the starting lineup are planned by Coach "Bus" Ormsbee. Werner will start at left half, while either Hoth or Thomas will open at right half.

Movies of the Barrington game were shown to the players Tuesday night but weren't too revealing. Future films are expected to point out many mistakes which might be corrected for future games.

Conference opener for Arlington is the following Saturday, September 27 at LaGrange.

Leyden JVs Edge Bisons

by GIL CUATRECASAS

The Bensenville Bisons were nosed out 14 to 13 by the Leyden junior varsity in their football opener at Bensenville Saturday under the lights.

Overcoming the setback of a first quarter touchdown and conversion by Leyden, the Bisons retaliated in the second quarter when Pete Welch recovered a fumble and dashed 20 yards to score. Carl Landino made the conversion to make the score 7-all.

* * *

THE TIE was broken a few minutes before the end of the second period when Leyden intercepted a pass thrown by Welch and returned it 80 yards for another six points. The extra point was good and the visitors went ahead, 14 to 7.

In the third quarter, the Bisons found their chance to knot the score again as Landino plunged two yards through Leyden's defense for a touchdown. Leyden now led by a slim one point, however, Landino missed the extra point and the try for a tie had failed. Neither team scored in the final period leaving Leyden victorious, 14 to 13.

MAC SAYS

BY G. A. McELROY

Saturday the Northwest conference swings into action for the 1952 season with the championship up for grabs. Barrington, seeking honors in stiffer competition after four years of undefeated Northwest ball, leaves a wide open race among the seven remaining schools. There never was a tougher season to pick the winner. First, there will be no standout team. Second, every team has potentially enough strength to at least break even in their six game schedule. It will be an interesting season with many close games. Most of the teams have more experienced linemen than backs and that should mean stouter defenses.

* * *

WE MAY BE WAY OFF the beam, but we think that Wauconda and Palatine will finish first and second. We don't know which will be first, but we are going to pick the "Cinderella" team of 1951, the Wauconda Bulldogs coached by George Haley. We are picking them on much the same basis that racing fans might pick a winning horse, on the form sheet.

Wauconda has been coming up and has a young but experienced team. Their frosh and sophs of 1950 who played varsity ball are now juniors and seniors. Coach Haley has 11 lettermen and seven were regulars last year.

The big name player, a lad who can break up any ball game if given half a chance, is George Sutko, a 170 pound speed demon in the open field. Saturday Sutko broke away for a 60 yard TD run against Maryville. Wauconda will have more reserve strength than last year. This could be that first championship for the Bulldogs.

* * *

PALATINE HAS THE SIZE, weight, and experience for a champ. Coaches Dick Welty and his new line aid, Bill Lutz, of Northbrook, may develop an undefeated team. They got a surprise from a much improved Warren team and were very, very lucky to get a 6-6 tie. Palatine is very strong in the middle of the line and has plenty of capable backs. If the ends and tackles come through on defense, the Pirates could take it all.

Most of the coaches pick Palatine to finish on top. It will take Palatine longer than some teams to get their boys coordinated into a smooth unit because of the fact that six of the best 18 have been playing for another school, Northbrook. Welding the two groups together takes some time.

If the Pirates can get by their first two league games with Bensenville and Antioch we have an idea they will win them all. Del Koelper, a fast 180 pound tackle and linebacker, appears to be Palatine's strongest candidate for all-conference along with Capt. Dick Abrahamson, 180 pound end. Palatine is going to have a lot of power with a starting lineup ranging in size from 170 to 200 pounds. Palatine has never won a football championship and they know that this is their best chance.

* * *

ANTIOCH LOOKS TO US like a good possibility for the third spot. Coach Kessenich has a good returning line with a stand out in Bill Backman and fine performers in Fred Zein, Dick Hedberg, and Joe Pechulis. The backfield has speed and drive with Johnny Wells, Ed Haling, Bob Weber, and big Chuck Bock a better quartet than Antioch has had for several seasons.

Sharing with Antioch in a bid for third will be Grant and Ela-Vernon. Ela has a good passing attack with a junior, Don Prouty pitching them and Stockinger on the receiving end. Their line is heavier and experienced. They will improve on last year's 2-6 record.

Grant is always good in football. The loss of their entire backfield, plus all conference linemen in Vermillion and Smith, has weakened the Bulldogs considerably, but they have a good line and made a better showing at Normal than a 28-0 licking would indicate. To us it looks like Ela for fourth and Grant fifth.

* * *

BENSENVILLE'S BISONS may be up near the top. Last year they were below par and prospects don't look much better thus far. Coach Tom Meneguin can always be depended upon to get the most out of his boys, but his best are sophs and juniors. There are enough veterans, particularly in the line, but Bensenville will have to wait a year for a contender.

Rabid Bison fans will razz us plenty, but we are going to guess Bensenville at sixth.

It is not very good taste to pick Grayslake for last when they left the North Suburban to escape such a fate. They may find the Northwest too tough or they may finish in the first division. We know too little of them to give them a proper rating. All we can say is that we do not think they can take first or second. But they might land anywhere from third to seventh. Drawing the names out of a hat would be a pretty good way to pick the finish for Ela, Antioch, Grayslake, Bensenville and Grant. It will be just that close.

Denis Straus

DENIS STRAUS carried the banner of the Cardinal and White into the sports department this week, recalling the hard fought 7-6 Arlington loss to Downers Grove last year in the local eleven's West Suburban opener. This writer called it 22-0, which was the Glenbard affair, instead.

We beg your pardon, Denis, and agree with you that "every boy that played gave all he had, and Downers new it."

But we do question your contention of "a little more Arlington, less Palatine" in the sports pages. Heights and the West Suburban league received 71 inches of space this past week, while Palatine and the Northwest conference, with two "local schools" received 45 inches.

Pat O'Connor, Mighty Atlas, Goelz, Great Balbo On Wrestling Card Next Week

A gigantic all star wrestling card with the famed Jack Dempsey as referee will feature the mat show Friday night, September 2, in the Arlington Heights high school gym.

The show, sponsored by the Wheeling Lions club for the emergency car fund for the village of Wheeling promises to be the biggest event of the season.

Heading the card is a match between Pat O'Connor, sensational young Wellington New Zealand heavyweight who will wrestle The Mighty Atlas, world's most powerful wrestler. The match will be to a two out of three fall verdict with Jack Dempsey as the referee.

* * *

IN A TAG match on the card The Great Balbo, claimant of the lightheavyweight championship and Billy Goelz, of Fox Lake, are to wrestle the colorful Gypsy Joe and rugged Rudy Kay, of the northwest side of Chicago. The match will be to a two out of three fall verdict with a sixty minute time limit.

Pat O'Connor recently gave world's heavyweight Champion Lou Thesz a rugged battle in Wrigley Field, Chicago, and drew upwards of $35,000. He later grappled Verne Gagne in the International Amphtheatre and drew $21,000. Pat is spectacular with his aeroplane spin and body press. He faces the "Atlas Nelson" in wrestling his rival.

* * *

THE MIGHTY Atlas can bend a flat steel bar a quarter of an inch in thickness around his arm. He can allow fourteen men on each side of him pull against each other on a rope he has entwined around his neck in a tug of war. His feats of strength are amazing.

In the tag match the clever Goelz and Great Balbo face an unruly team in Gypsy Joe and Kay. Mrs. Gypsy Joe, attired in regal gypsy robes accompanies her husband to the ringside and coaches him in code signal.

Ned Taylor and Billy Hickson, famed television stars, complete the all star show. Tickets for the show are priced at $3 and $2, all taxes paid. The first bout gets under way at 8:30 p. m.

Tickets may be purchased at Millay's or Rudy Stein's in Arlington Heights, Kruse tavern in Mt. Prospect, Joe Gerschefske's barber shop in Prospect Hts., LaLonde's real estate office in Palatine, Spiegler's store in Des Plaines, or secured at Scotty's in Wheeling.

Set Dates For Inter-League Bowl Tourney

Two divisions of Paddock Publications Inter-League Handicap bowling tournament, men's and women's, will be held this year with the men to roll at Arlington Heights Bowling Lanes and the girls to compete at Bowlwood Recreation in Wood Dale.

The men's tourney is slated for Sunday, January 4, while the women's division is scheduled for Sunday, January 11. First place teams of all men's leagues within Paddock Publications immediate area, including six bowling establishments, as of December 13 will be eligible to compete.

* * *

FOR THE WOMEN it will be first place teams as of December 20. At stake in the meets will be two large traveling trophies, ten small individual trophies, plus several hundred dollars in prize money.

Entry fees will be $15 per team. Suggestion made last year included the thought that inasmuch as the meet is an inter-league affair, entry fees should come from either the sponsor or the league treasury. Decision on this, though, will be up to individual loops.

Eight Veterans Back For York

by BUD BOOTH

York high of Elmhurst opened its 1952 football season in impressive style Saturday by thumping West Aurora of the Big Eight, 20 to 0. The Duke varsity plays host to Elgin this Saturday before opening its West Suburban conference schedule at Glenbard the following week.

Eight senior lettermen are back for their last year, according to Coach John A. Fischer, who was highly pleased with the win over West Aurora, which has always been a power in its area. They are quarterback Wally Kirk; fullback, Bobby Stanton; ends, George Olson and Bob Gillaspy; guard, Dick Krenek; tackle, John Hadfield; center, Morris McBride, and Dick McConnell, a guard and tackle.

* * *

YORK'S SCHEDULE after the Glenbard league opener September 27 is as follows: Saturday, October 4, Maine at home; Saturday, October 11, Downers Grove, there; Friday, October 17, Arlington Heights, there; Saturday, October 25, Riverside, at home; Saturday, November 1, LaGrange, at home, and Saturday, November 8, Hinsdale, there.

The Duke starting lineup against West Aurora had Tom Connelly and Joe Reedy at the ends with Hadfield and Glenn Butler in the tackle slots. Dave Freibert and Gene Kraegel were the guards and Bob Sauer was at center. The backfield consisted of Kirk at quarter, George Pfister and Stanton at the haves and Mike DiGennaro at full.

* * *

SEVERAL VARSITY members have been sidelined with injuries, but are expected to make the first or second strings when they return. Included are backs Earl Riter, Walt Strauch, John Hoffman and Bob Kruse and guard Dick McConnell.

The York varsity will be attempting to improve on a two and seven record, which was good enough for sixth place in the West Suburban league last fall. The Duke frosh-soph, which lost to West Aurora Saturday by a 19 to 0 count, finished fourth in its division with three wins, three losses and a tie.

Favor Pirates But Both Teams Have Plenty To Learn In '52

Bensenville's Bisons coached by Tom Meneguin will be host to Palatine's potent Pirates Saturday night in the opening game of the Northwest Conference season. The varsity contest will follow a game between the frosh-sophs which starts at 6:30. The Bisons will be out to avenge three straight defeats suffered at the hands of Coach Welty's boys. Over a 10 year period Pirates and Bisons are even with five wins apiece.

Neither Palatine nor Bensenville looked very impressive last Saturday in nonconference games. Bensenville made many mistakes as they were beaten 14-13 by Leyden's junior varsity team. Coaches Meneguin and Novatny tried out their varsity squad thoroughly in the Leyden game and found sophomores and juniors better prospects than seniors in all but two positions, both in the backfield. So Bensenville will string along with a young team in hopes of having a serious contender for the championship in 1953. The Bisons won't be bad this year but will be a lot better later in the season.

* * *

WHILE BENSENVILLE is the underdog in their home opener of the conference season, Palatine's edge is certainly limited on the basis of their defensive performance against a real good Warren team. Palatine was extremely lucky to tie Warren's Blue Devils 6-6 and learned a lot of football from a more aggressive and speedy opponent.

Palatine coaches are likely to shuffle the linelp considerably in the line if the opposition continues to pour through the tackle and end spots as Warren's fast backs did on quick opening plays. Coach Welty is not at all set on the boys who are listed at the head of this article and several changes are very possible by Saturday night.

* * *

THE PIRATES have backfield strength with several boys at each position but much polishing is needed in the attack before the Pirates can be considered real championship contenders. Tinker Meyer and Kennie Rehusch are staging a real battle for the quarterback position and there is little to choose between Harlan Gephart and Stan Hausemann at fullback. Paul Schrage and Gordon Bruno are pretty well established at the halves.

Two transfers are helping bolster the line. Bob McKee from New Trier and Jim Walsweer who hails from New Jersey are juniors with lots of scrap and ability. Del Koelper, a senior, and Sam Genovese, a junior, who hail from Northbrook, are well on their way to clinching first string tackle and guard positions. The best of Palatine's carry over lettermen from last year appear to be Dick Abrahamson at left end and Chuck James at center.

Palatine Harriers To Host Heights Next Tuesday

Tuesday afternoon, September 3 Palatine's inexperienced cross country team will entertain Arlington Heights long distance men at Palatine.

Although there is an absence of any returning lettermen, quite a few good boys can be found out of the 25 who reported for the first practice September 5.

Boys who will be competing this year are: Pete Abramson, Ken Hahn, Ronnie Bessmer, Lawrence Hapke, Dave Schutz, Bill Taylor, John McKee, Bob Fremd, David Baird, Don Webster, Bob Garritt, Lawrence Ingram, Bruce Forke, Bernie Widroe, John Roehr, Fred Hocking, Larry Lepage, Herb Lesser, Gerry McElroy, Pete Trenchard, Herb Moehling, Lee Bergstadt and Tom Lay.

ARLINGTON, once again coached by energetic Russ Attis, is still carrying 22 boys on the squad, though only four are lettermen.

Palatine tied Heights in the first meeting last year, 30-all, but lost, 37-30, in the second run between the two schools.

The complete ten meet slate was released this week, with the West Suburban slate following the same order as the football schedule. Two meets with Palatine, there September 23 and at home October 14, are included.

48 Yard Run By Bock Beats Arlington, Sophs Win, 39-0

That bright light in the northwest end of Arlington Heights Friday night was not all candlepower—some of it was an indication of things to come for local football fans as the frosh-sophs were running at will in a 39-0 affair over Barrington. The varsity lost, 6-0.

Fans who arrived early enough for the initial encounter of the 1952 season saw the undefeated frosh eleven of a year ago continue their winning ways as they ground out plenty of yardage in the first half to lead, 26-0.

* * *

THE FIRST TEAM was pulled at that point, after having attempted just one pass for a TD. They came back in with four minutes remaining for passing practice, doing nothing but tossing aerials, rang up one more score, including the point after.

The varsity was evenly matched in the second game of the evening but were beaten when a 48 yard dash by Barrington's new find, Don Bock, was ended on the five yard stripe by Ellis on the second play of the final half. The Bronchos pushed over and that was enough.

* * *

BARRINGTON was big and slow, but good. Two of their fumbles were recovered by the locals while Heights recovered three of their own miscues. The visitors used liberal substitutions, while Coach "Bus" Ormsbee used almost the entire staring lineup intact on both offense and defense.

Most of the play was between the thirty yard stripes. The Cardinals posed their biggest threat when they followed an interception with a dash to the Broncho eight just as the half ended.

The running game was acceptable for Heights, though penalties nullified many opportunities. Particularly lacking was protection for Dick Winterbauer at quarter, who was often either trapped or had to get his tosses away in too much of a hurry.

IN THE PRELIMINARY the local yearlings had everything their own way Barrington didn't make a single first down until the subs were used in the third quarter. The Heights line had a terrific weight advantage and used it.

Touchdowns included a pass from Maher to Mueller for 30 yards, an interception by Kyska for 40 yards, Mueller around right end for 35 yards, a recovered fumble by Floyd Burns in the end zone and a line play after a screen pass from Maher to Theis around left end for 40 yards to the five.

Malcolmson kicked two points after and Maher tossed a pass over the middle for the other.

BOTH MUELLER and Kyska looked particularly good

Palatine Salvages 6-6 Tie In Last Seconds Vs. Warren

Tough On Grant To Retain Second In Northwest

by GERRY McELROY

Grant high school will be hard put to better their 1951 gridiron record of seven wins and one loss despite the six returning lettermen. Lost from last year's second place team are Stu Koutny, Jim Kramer, Jim Lumber, Bill Hede, Roger Smith and George Vermillion. Kramer was all-conference half back, Smith an all-conference center and Vermillion all-conference tackle.

Returning lettermen reporting for coach Werhan's 1952 squad are Captain Jim Jensen, a 194-pound senior tackle; Don Torgerson, a 211 pound senior guard; Bud Holm, a 165 pound senior halfback; Howard Scott, a 150 pound senior guard; Fred Wolf, a 160 pound end; and Noel White, a 225 pound junior fullback. Other boys that may show promise are Finnley Kennel, a 185 pound junior tackle; Fred Schuer, a 160 pound senior half back; Rich Gaylor, a 180 pound senior fullback and Jim Tromel a 155 pound half back transferred from Lane Tech of Chicago.

The Bulldogs play their first conference game at Ela, September 20, at 2 p.m.

Coaches Dan Werhan and Paul Lewis took their Grant high grid hopefuls to Normal last Friday night and absorbed a 28-0 beating at the hands of the down state school. Grant had an edge of 9-4 on first downs, but long runs and passes gave Normal four touchdowns and a big yardage edge. They kicked a field goal in the last quarter to boost the total. Grant's only threat came when Gerrettsen returned a kick off 42 yards and the Bulldogs worked the ball to Normal's 15 yard line just before the half.

LaGrange Falls To Oak Park, 20-0

Full back Bob Iverson scored twice to lead Oak Park to a 20 to 0 victory over LaGrange Saturday.

Iverson's first touchdown came in the second quarter on a 16 yard sprint. He tallied again in the third period on a 25 yard dash.

Oak Park's third score came in the final quarter when Jerry Kinnan, left end, grabbed a 25 yard pass from Al Rickert and went 20 yards across the Lions' goal. Bill Vande Merkt successfully kicked two of three extra points.

Homecoming At Schurz

Plans have been virtually completed for the holding of the second annual football homecoming of the Schurz-Jefferson alumni association, to be held at Lane stadium, Addison and Western, Chicago, Saturday, Sept. 20, at 2 p.m.

Taft will be the opponent of the Purple and Gold that afternoon. Schurz lost several lettermen by graduation and due to induction into the armed forces, but the squad is large and includes many promising looking players for this season.

The Palatine Pirates averted defeat in their first game of the season, as they came from behind in the final 35 seconds to gain a six to six tie with the Warren Blue Devils Saturday night at Palatine.

Approximately 1,500 fans saw Warren immediately take the upper hand as the Blue Devils marched from their own 31 yard line to the Pirate seven yard stripe. Bain, Warren fullback, then carried the ball over the Pirate goal line but an offside penalty nullified the touchdown and the ball was brought back to the Palatine 12. On the third down Bain plunged six yards to advance the ball to the Palatine six, but on fourth down Warren fumbled and the Pirates recovered on their own four yard line.

* * *

ON THE FIRST down, Skip Hauseman punted 40 yards to the Palatine 45, but Warren again fumbled and the Pirates recovered on their own 43. A nine yard run by Dick Abrahamson and a one yard plunge brought the Pirates a first down on the Warren 47. Hauseman and Schrage then picked up another first down but a five yard penalty and a five yard loss turned the ball over to Warren on their own 25.

Three downs later the Blue Devils were forced to punt the ball out to the Palatine 42 but regained possession as the Pirates performed two five yard miscues. A pass to an ineligible pass receiver gave them a fifteen yard penalty but before another play could get underway the half ended.

* * *

EARLY IN THE third quarter Warren partially blocked a Palatine punt and took over on their own 40 yard line. Short gains through the line gave Warren two first downs and took them to the 38 yard line of Palatine. On the next two plays Ken Schmidt and Bob McKee in the Pirates' line stopped Warren cold but the third was a forward lateral with Bain finally being caught from behind by Del Koelper after a 19 yard gain. Bain then picked up 15 yards in two line smashes for first down on the five. On fourth down Bain scored.

Late in the final quarter when most Palatine fans had given up hope Paul Schrage picked up the fifth of Warren's fumbles and ran to their 22 yard line. On the second play Warren gave the Pirates the break they needed in the form of a 15 yard penalty down to the five yard stripe. Gordon Bruno hit the line for four yards and then with 35 seconds to go Harlan Gephart plunged over to tie the score.

* * *

PALATINE was outplayed by the same team which they beat 6-0 last year with a pass in the final 20 seconds. Warren, darkhorse of the coming North Suburban race, has seven returning regulars and 11 lettermen, and were sharp for the opener. More reserve strength was an important factor in Palatine gaining a tie score.

MAC SAYS

BY G. A. McELROY

(Continued from preceding page)

WHEN BARRINGTON HIRED Jack Kinder of Wilmington to coach their frosh-soph basketball and football and the varsity baseball, they also got Wilmington's star athlete. It was Barrington's gain and Wilmington's loss when Don Bock, three sport star, shifted this fall to Barrington high for his senior year. His father secured a position at Barrington so Bock has become a Broncho.

His 40 yard run against Arlington last Friday night setting up the winning touchdown is the first act in many star performances of the year for this five foot nine 170 pound star.

Last year Bock scored 106 points in football as a back. He tallied 426 for a 17 point average in basketball and was the most valuable player on a championship team. In baseball he hit .375 as a catcher and attracted the attention of big league scouts. If he does anywhere near as well this year he could be the difference in keeping the Bronchos on the championship pinnacle.

* * *

THE RULE which forbids organized basketball between the state tournament and October 1 has teeth in it if the recent ruling of the state board of control is any indication. Ten Nashville, Illinois, high school cagers are ineligible for the year because they played on basketball teams in a park program the past summer. Nashville is a red hot cage community, but they will not have much to watch this coming season.

Instead of a team with a chance to go to the state, they will have only one boy left out of a squad which had been intact from last season.

* * *

THERE IS GOING to be a lot of local interest in the Illinois-Washington game at Champaign Oct. 11. In fact a special delegation of Barrington fans may be organized to go down to the game. The reason is that Steve Roake, former Barrington all-state end, will be playing with the Washington Huskies. Another Northwest conference boy doing all right at tackle with the same squad is Connie Walker, a two time all-Northwest Conference lineman with Grant's Bulldogs.

WHEN LAKE FOREST high school was organized and a building constructed Edgar Lindenmeyer took over as football and track coach. Since 1934 "Lindy" has guided the grid destiny of the Scouts and no coach in the area has a better record. Last year's undefeated team was one of his best. This year "Lindy" is sidelined by illness and his assistant, Roy Etnyre has taken over. That Lake Forest will be somewhat down this year is proven by a 55-0 defeat Saturday at the hands of Hinsdale whom they tied last year.

* * *

JOHN STOB who came up strong in his senior year at Grant to win all-conference recognition in basketball has enrolled at Tulsa University. The big six foot five Grant athlete will be teamed with, rather than against, Don Buenzow, Palatine's six-foot-seven ace, who also enrolled at Tulsa. Both boys are expected to be forward candidates.

Mike Berberich, Grant basketball coach, and Paul Kessenich, Antioch football coach, are the new officers of the Northwest conference coaches association. Berberich is president. Important action taken at Monday's meeting where these men were elected was a recommendation by a vote of six to one to play football doubleheaders as a conference rule in 1953.

The Grant all-conference athletes who were publicized as enrolling at DeKalb have none of them gone to the teachers college. Roger Smith, all league center in 1950 and 1951 has gone to the University of Washington. Vermillion and Kramer are waiting a year.

Hinsdale Runs Rough Shod Over Lake Forest, 55-0

Left half back Ronnie Stulgin scored five touchdowns in leading Hinsdale to a 55 to 0 decision over Lake Forest on Hinsdale's field Saturday. The 1951 North Suburban league champions, who lost 14 members of last year's title winning squad, could not stem the Red Devils' offense, which clicked both on the ground and in the air. Hinsdale is defending champion in the West Suburban conference, winning eight straight last fall after a 12 to 12 tie with Lake Forest.

Stulgin scored on runs of 81 and 51 yards, 1 yard plunge, and on 11 and 7 yard passes from full back Frank Stanicek.

Quarter back Walt Kirk ran 33 yards for the first touchdown midway in the opening period. Bob Kruse, substitute left half, followed with an 18 yard scoring sprint in the second quarter. In the third period Mike DiGennero, full back, went 46 yards on a quick opening play.

White's a Whiz

Whizzer White started paying dividends expected last year when he side stepped the New York Giants at Wrigley Field as the Chicago Bears racked up a 17-7 win.

The Whizzer set up one TD with a terrific run and a lateral to Don Kindt, scored one himself, then kicked a field goal. The Bears meet the Pittsburg Steelers in the final exhibition Saturday night at Freeport, Ill. before the league opener Sunday, September 28, at Green Bay.

Redwings Win Final Game, 4-3

Arlington Redwings rang down the curtain on the local semi-pro baseball season Sunday with a 4-3 victory over Union Park. The win was the third over Union Park, the other two being 8-5 and 4-3 affairs.

The visitors at Recreation park drew first blood in the opening frame with two singles and one run. The locals retaliated with a single by Ray Meathe, a walk to Gene Wasco, and a single by Hal Stange. Result, two scores.

* * *

SINGLES by Scheiwe and Lang, plus an error brought in another tally in the second for Arlington. A walk to Houston and a triple by Norman brought the count to 3-2 in the top of the third.

In the fifth Meathe singled, then scored on a double by Stange for the final run of the season. A single by Sander, fielder's choice and a grounder brought in one more score for the losers. Final tally was 4-3, Redwings.

* * *

THE REDWINGS compiled a 13-5 record this season, gaining second place in the league tournament. Biggest score was the 16-0 opening exhibition against the Evanston Flashes. Manager Elmer Kirchhoff's boys rang up three shut outs over Berwyn Colts, Franklin Park and Erickson Boosters. The Locals were white washed once, themselves, by Franklin Park.

Connie Hernbrott won the team batting championship with a .323 figure, garnering 21 hits in 65 times at bat, and scoring ten runs. Hernbrott tied Earl Simpson in total hits, though the latter averaged .283.

Ela Wins, 19-7; Looks Better

Ela-Vernon opened the season Saturday with a 19-7 victory over Oswego in a non-conference game at Lake Zurich. Ela's passing attack was the deciding factor. The Bears scored in the first quarter when Prouty passed 48 yards to Stockinger and followed with a touchdown toss to John Langfield. In the second quarter Don Prouty passed 25 yards to Glen Chaffin for a score and Langfield converted. Again before the half Ela hit pay dirt on an 18 yard run by Jim Murphy.

Ela fumbled on their one yard line in the last minute of play when they elected to run the ball instead of kick and Oswego plunged over for their second. A pass gave them the extra point.

* * *

THE ELA BEARS coached by Bill Lehmann will have a good team this season. The line is heavier and more experienced. Line veterans are Bob Stockinger, 175 end; Jerry Schuetz, 180 guard; Leo Sheehan, 175 guard; Herb Pollock, 180 tackle; Bill Ziche, 170 tackle; and Cliff Reed, 165 center. Backfield letterman are Marty Halvorsen, 160 fullback and Mack Schroyer, 160 quarterback.

Don Prouty, John Langfield, Jim Murphy, and Glen Chaffin, who played such an important role in Ela's victory 1st Saturday, are experienced juniors Last year Ela-Vernon won two and lost six. Prospects are much improved.

Tall, Not Much Meat

Hustle Bug Finally Bites Arlington Frosh; Open At Crystal Lake Friday

It will be up to the Arlington Heights freshmen gridders to "fight for old Siwash" strictly before the enemy Friday night. The first year boys will play the opener at Crystal Lake at 6:15 while local fans are watching the Heights varsity and frosh-sophs tackle Marmion in Arlington at the same moment.

But fans or no fans, Coach Curtis Larsen's youngsters are certain to be in there fighting, meeting what will probably be their toughest opposition of the season. Other games will include two with Palatine, Niles, Hinsdale and Maine.

* * *

THE BOYS suddenly developed spirit and hustle Wednesday of last week, and carrying it through practice for Friday night's encounter. Gone is the lackadaisical feeling of the first few practices when boys just stood around while co-coaches Larsen and Nelson were attending teacher's meetings prior to coming out on the practice field.

The frosh are now running their own calisthenics, keeping each other in line, and setting their sights on last year's undefeated frosh record through six games.

* * *

A TALL, RANGY bunch, the boys need plenty of meat and potatoes to make them equal last season's group. Twenty boys have dropped out since initial call, but there are still 44 left, practicing fundamentals, blocking and tackling, hour after hour.

Biggest boy on the squad is 205-pound Dennis Streigel, second string fullback.

Probable starting lineup at Crystal Lake Friday includes Wayne Malzahn (170) and Larry Brumm (160) at ends, David Woods (175) and Richard Proebstle (160) at tackles, and Mickey Harris (160) and Phil Chase (140) at guards. A center is Ronnie Herff (130).

* * *

IN THE BACKFIELD will probably be 145-pound Roger Boeger at quarter, 130-pound Bob McDonald and 125-pound Richard Stocking at the halves, and 145-pound Fred Hildebrand at full.

Seven Run Blast Cools Wheeling As Mt. Prospect Merchants Win

Mount Prospect Merchants defeated the Wheeling All Stars 14-12, at Wheeling, Sunday, Sept. 11. Losing 12-7 in the last inning, the Merchants scored seven runs after two were out, to win.

Jesse started on the mound for the All Stars and pitched very good ball. He allowed only five hits through the fifth inning, although he issued seven walks which kept him in trouble. Besides his good day on the mound, he got three hits for his team.

* * *

HALVERSON, All Star catcher, played an outstanding game behind the plate and hit a home run. Nehner also collected two hits.

Peterson started for Mt. Prospect and due to shaky play afield and some good Wheeling hitting did not fare too well. Soenkson relieved him in the fourth and allowed only one hit in three innings.

* * *

THE EXPLOSIVE sixth for Mt. Prospect started with a walk to Peterson. Tews then doubled to left center. Thill struck out. Nau flied out and it looked bad for the local boys.

Soenkson drove a single to left for two runs. C. Wille hit a double to left center. Boedeker walked. Grams, pinchhitting for Ibbotson, singled to right. Two runs scored and on the peg to the plate Grams took second. On a play on Grams, Budeker scored. Bjorklund walked.

Peterson, up for the second time, singled to right, scoring two more. Tews then singled to left. Thill ended the inning with a fly ball.

* * *

TEWS ALSO tripled in the third inning with bases loaded to lead the Merchants offensively.

Tuesday evening, Sept. 30, the Merchants will hold their first annual banquet for the boys at St. Paul's Lutheran church. Dinner will be served at 6:45 p. m. It is hoped some outstanding entertainment will be had for the boys. Shotgun Becker, Mr. Little League, will be one of the guests.

Tickets are $2.50, call Mr. Dahlquist, Clearbrook 3-4549 for further information.

DeKalb In Opener At Joliet Saturday

Two defending conference champions will clash in a non-league opener Saturday, when Northern Illinois State meets Lewis college of Lockport in an arc-light duel in Joliet's memorial stadium.

Northern's Huskies were one of the nation's undefeated grid teams last fall with nine straight victories, and are defending their throne in the Interstate Intercollegiate Athletic Conference.

The Lewis Flyers were kings of the Midlands conference and won the Corn Bowl game in Bloomington at the season's close. Over the fall Lewis won seven and lost one.

Ed Bauer of Round Lake, Charles Fischer of Arlington Heights, and Andy Halle of Dundee will form a strong group of linebackers.

Defensive halfbacks will be Eric Nelson of Arlington Heights and returning starter Len Scaduto of DePaul academy in Chicago.

Ron Brodhay, sophomore from LaGrange, will be filling Dan Mojica's shoes in the safety position.

Smith Looks Good On Receiving End Of Illini Passes

Experts tab Illinois' Big Ten champ a passing team this fall, and one support for their claim is Rex Smith, former Chicago (South Shore) star and right offensive end for the Illini.

Smith led all Illini receivers in 1951 with 22 passes for 343 yards. All these catches netted Rex just a single touchdown, but that one was the most important of the 1951 season.

In the final moments of the snowy struggle with Michigan, Smith combined with former South Shore teammate, quarterback Tommy O'Connell to break open a scoreless tie.

* * *

REX MADE three circus catches during the final Illinois drive into the blizzard. The third one was a seven-yard flip from O'Connell that Smith took in the end zone for a 7-0 victory.

Pressure, that has shackled more than one good offensive football player, will be applied to Rex this season. Opponents will be paying particular attention to the big end. Yet this only seems to feed Smith's enthusiasm. His poise in scrimmages this season is one of the chief reasons Illini passing has developed far ahead of schedule.

Six-foot, two-inch Smith is a heady athlete who gets the most from his 200 pounds. His blocking on Illini running plays is crisp and effective, and his power makes him a tough end to check at the line of scrimmage.

IN MEMORIAM

In memory of Charles Bliesse, who passed away Sept. 16, 1950.
It's lonesome here without you,
Sad and weary the way,
Life has not been the same to us,
Since you were called away.
Our hearts still ache for you
And our eyes shed many a tear,
God only knows how we miss you,
As it ends the first two years.
Your wife and daughter. (B4

Cardinal Stritch To Dedicate St. James Church This Sunday

(Continued from page 1)

at the altar of the church. Here he again prays that this church may be truly blessed. A prayer more than 12 centuries old concludes this part of the ceremony.

The actual blessing takes place at this time when the Cardinal and the priests assembled for the occasion proceed through the inside of the church, up and down all the aisles. The Cardinal sprinkles the walls with blessed water. During this ceremony the chants of three Psalms echo through the church, the 119th Psalm, a prayer for protection, the 120th Psalm, an act of trust in God, and the 121st Psalm, a prayer of joy at the entrance of pilgrims into the Holy City.

Once again the Cardinal momentarily kneels, and the ceremony ends with a plea for the help of God. The solemn high mass begins, with the Cardinal presiding. During this mass, he will preach a sermon to match the occasion. Music will be under the direction of Sister M. Amabilia, and the St. James choir will sing.

RECALLING the past 50 years of the parish, a mass of thanksgiving will be celebrated for the school children at 7 a.m. Monday. Tuesday at 8 a.m., a high mass of requiem will be sung for all the deceased parishioners, priests, and nuns of St. James Parish.

Arrest Mt. Prospect Man, Driver Hits Bike Riders

Kenneth Glade, 24, Mount Prospect, was involved in an automobile accident early Sunday morning at River and Central rds. Glade told county highway police that he had been cut off by an unknown car, but officers said they saw no other car in the area.

An unknown male driver hit two girls on bicycles Saturday morning on Rand rd., north of Central rd. Mary Lithtsey of 4725 Calumet, Chicago, owner of the car, said that the vehicle had been stolen while she was fishing in Wauconda.

They were treated for their injuries by Dr. Heller. The unknown driver was going south on Rand rd. and left the scene of the accident on foot before county police arrived. Witnesses reported that he had been driving fast off and on the shoulder of the road.

NOW! your home can be Beautiful
LIVING ROOM HUMDRUM and COMMONPLACE?
If it is, chances are you've been neglecting your greatest decorator-ally . . . COLOR. A room, like a wardrobe, should be planned for becomingness, suitability, and practical down-to-earth comfort. Remember, a colorless, gloomy room acts as a depressant and has no place in today's bright, cheerful scheme of living.
STRIKE IT UP WITH COLOR
Give it new life, charm and personality! The important thing when planning a color scheme is YOUR OWN PREFERENCE. In large continuously-used rooms, muted, grayed pastel backgrounds are best . . . contrasted with dark woods, colorful fabrics. Fall weddings seem to be more popular than ever and fall shades offer a rich variety of luscious shades for gowns. Carl, who operates Weinrich's Shoe Service at 212 N. Dunton ave., was telling me actually how easy it is to match shoe color to any color of fabric. So if you want to match shoes to a costume or if you want to make old shoes look like new, stop at Weinrich's and have them dyed . . . he can even match off shades by mixing colors. Another thing you'll like about having shoes repaired is the two day service . . . and they're finished when he tells you. That's Weinrich's Shoe Service, 212 N. Dunton.

At Arlington Heights Pharmacy you'll find a really new offer . . . Helena Rubinstein is offering for the first time her Contour-Lift Treatment in a special combination of the Contour-Lift Film and Estrogenic Hormone Oil for $5 . . . a $7.50 value. This Contour-Lift Film is the only cosmetic of its kind that will give you a 24-hour beauty lift, according to Miss Rubenstein. Used by day, under your make-up, it provides a firming base . . . tones and uplifts the skin, temporarily removes wrinkles . . . giving you a younger, prettier look. Used at night, it helps correct aging contours . . . smooths flabbiness, firms sagging lines. The Estrogenic Hormone Oil helps your underskin replenish its vital moisture. The oil is rich and absorptive and readily sinks into the skin . . . acts to recapture a fresh, youthful looking glow.

When you stop at the Pharmacy for this Contour-Lift Treatment, you'll also get a little pamphlet inside the package telling you exactly how to apply and use this treatment morning and night for the best results.

David and Goliath

Chicago, Ill. — Little League baseball, for the benefit of chess addicts and canasta players, is organized baseball played by boys from eight to twelve years old. It's not only the insurance our national past-time needs for continued success, but is an excellent means of keeping our kids off the streets, out of pool halls and courtrooms. The adult managers and coaches teach the boys team play and sportsmanship, and the potential Dimaggios reflect elsewhere, what they've learned in the ball park. The kids play the game in dead earnest and are surprisingly good. They are a sight to warm the most cynical heart.

Recently, in Santa Monica, Cal., I watched a Little League game played at night under lights between teams that were not evenly matched, at least that night. The slugging visitors were using one of their fastballing twelve year old pitchers and the home team, unable to hit the big kid, was behind 11 to 0 going into the first half of the sixth inning, which in Little League ball, is the last inning. The game was hopelessly lost, for the locals couldn't expect to get 11 runs in their half of the last inning when they had been able to get only two scratch hits in the five previous innings.

But the fiasco had to be finished — and the home team had used all their pitchers trying to stem the tide! All but one who had never previously pitched in a real game because of his size; Little Tim Martin, an eight year old, so small he looked as if he could throw the ball barely as far as the plate, much less get the side out. It was 9:30 P. M. when the last inning started, time for these ballplayers to be home in bed, but the game looked to be good for another hour, for the visitors were odds on to score numerous runs off Little Tim. Hadn't they knocked out of the box four of his bigger faster, older colleagues?

As he took his warm-up throws, it appeared he was, indeed, too small to get the ball to the plate in approved fashion. It looped high in the air and approached the plate with sickening slowness. Slaughter seemed imminent. Sternly, Little Tim faced the first batter. Thick silence fell over the crowd. Suddenly it didn't matter that the score was 11 to 0 against him. Every fan in the stands was tense, silently pulling for the small eight year old so alone on the mound. He wound up and looped in the first of his pitches. The batter swung mightily and missed. Those pitches proved to be the sneakiest lobs that it has ever been my pleasure to see, for aided somewhat by the umpire who suddenly developed odd notions as to the location of the strike zone on baseballs falling almost vertically across the plate, he baffled his opponents and struck out the side.

With the crowd roaring its delighted approval, Little Tim strode from the mound. Workmanlike, concealing his proud jubilance under a mask of suitable modesty, he epitomized what Abner Doubleday must have had in mind when he invented baseball. That the home team failed to score in their last bats was unimportant. Little Tim had given them the moral victory.

CHRISTIAN SCIENCE CHURCHES

What men need is not more of matter, but more of Mind. That such a search would reveal new ideas, unfold spiritual forces and release divine energies, will be explained in all Churches of Christ, Scientist, on Sunday, September 21. The title of the Lesson-Sermon will be MATTER.

The Golden Text is from Jeremiah (3: 23) "Truly in vain is salvation hoped for from the hills, and from the multitude of mountains: truly in the Lord our God is the salvation of Israel."

Bible selections (King James Version) in the Lesson-Sermon include:

"Lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: For where your treasure is, there will your heart be also" (Matt. 6: 20,21).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include:

"Matter and Mind are opposites. One is contrary to the other in its very nature and essence; hence both cannot be real. If one is real, the other must be unreal. Only by understanding that there is but one power,—not two powers, matter and Mind,—are scientific and logical conclusions reached" (p. 270).

Celebrating Our First Year on N. W. Hwy.

and Announcing the

Grand Opening of the Ladies' Wear Department

Our move to Northwest Highway a year ago has proved to be most beneficial to both you, our customer, and ourselves. Our volume of business has been greatly increased, thereby allowing us to pass on Tremendous Savings to you. Our merchandise is now priced in competition with the larger Chicago stores . . . in some cases much lower. This has been made possible by our direct factory buying. Even with our low, low prices we completely guarantee every item in our store. This past year we have built our stock of Men and Boys' Apparel to the point where it is complete in every detail.

Now, we are going to try and service the lady members of the family in as complete a manner as they may demand . . . with the same thought in mind that they too want QUALITY MERCHANDISE AT THE RIGHT PRICE without having to travel to the big city. To start the ladies off, we have stocked the complete line of Reliance Dresses — such famous names as: Happy Home, Glenbury, Kay Whitney, Hampton Hall, etc., the very same line that is featured in the better Chicago stores. Our future stock for girls and ladies will be based on their demands. We cordially invite your suggestions and criticisms, and pledge you our continued courteous interest in your apparel needs.

Mildred Olson And James O'Rourke Wed

Ace Photo

In a double ring ceremony August 2, Miss Mildred Olson, daughter of Mr. and Mrs. John Olson of 121 S. WaPella ave., Mt. Prospect, became the bride of James J. O'Rourke, son of Mr. and Mrs. J. A. O'Rourke of Chicago.

Our Lady of Grace church, Chicago, was the scene of the 3 p. m. ceremony performed by Rev. Joseph R. Hanton. White gladioli decorated the altar.

The bride, given in marriage by her father, wore a gown of ivory nylon net over satin fashioned with a lace bodice and long sleeves. Her fingertip length veil was held in place by a juliet cap, and she carried a bouquet of white orchids and stephanotis.

Miss Berdelle Walters of Bensenville was the maid of honor. Mrs. Carol Braun of Chicago, and Miss June O'Rourke, sister of the groom, were the bridesmaids. All the attendants wore gowns of light blue organdy over taffeta and carried baskets of yellow roses.

Lawrence Deja of Chicago was the best man. Donald McLean and Donald McInery, both of Chicago, were the ushers.

A reception and dinner for 200 guests was held at the Chicago Norske Klub.

The bride was graduated from Arlington Heights high school in 1949, and the groom was graduated from Quincy college, Quincy, Ill.

Following a honeymoon in northern Wisconsin, the couple will make their home on Chicago's north side.

Lake Bluff Orphanage to Hold Festival

The Rock River conference of the Methodist church covers an area which includes the northern part of the state of Illinois. It is the children from this area who benefit from the services that the Methodist Children's Home in Lake Bluff has to offer. Since 1894 more than 3,000 children yearly are helped through the up-to-date on campus family group plan, the foster home plan and their adoption program. Many families from Barrington, Arlington Heights, Mt. Prospect, Bensenville, Wheeling, Roselle and Palatine have been helped through the service.

Mrs. John Wagner Jr., 1850 River dr., Des Plaines, is chairman of "Harvest Home," the only affair sponsored by the home during the entire year to raise funds.

Women from all over the conference come annually for a visit to the affair. From 10 a. m. until 5 p. m. September 19, there will be booths open to interest everyone. Homemade baked goods, cheeses, handkerchiefs, white elephants, toys, aprons and handmade articles and fresh vegetables from the lovely gardens surrounding the Lake Bluff countryside will be featured.

A special attraction this year will be a hat and jewelry booth to be handled by the members of the Sallie Browne circle of the Des Plaines Methodist church. There will be Lilly Dache creations and hand painted fur felts that were brought back from a buying expedition in Paris in 1924 by Mrs. Andrew Hanley of Chicago. Many are of the cloche style that has again become so fashionable.

Luncheon will be served and a special invitation is extended to the ladies of the surrounding suburbs to come to spend a day in the country for luncheon and to look over the "Harvest." For information call Mrs. R. W. Burden, Palatine 1067, or Mrs. R. H. Barbour, Cl. 3-2820.

Mrs. Alden B. Swift is on the board of directors of the home.

Rosemarie Busch Is Bride Of Michael Braun

St. Theresa church, Palatine, was the scene of the wedding September 13 of Miss Rosemarie C. Busch, daughter of Mr. and Mrs. John Busch of 117 S. Northwest hwy., Palatine, and Michael T. Braun, son of Mr. and Mrs. Ignaz Braun of 5247 S. May st., Chicago.

Rev. Arthur O'Brien officiated at the 11 a.m. mass, and vases of white gladioli decorated the altar.

The bride, given in marriage by her father, wore a white satin gown and a fingertip length veil. She carried a cascade bouquet of white roses and stephanotis with a white orchid center.

Miss Lorraine Busch, sister of the bride, was the maid of honor. She wore a gown of yellow net over taffeta and carried a basket of delphinium, daisies and carnations.

Miss Eleanor Muschong, cousin of the bride, was the bridesmaid. She wore a gown of orchid net over taffeta and also carried a basket of mixed flowers.

Ted Kasey was the best man and John Busch, brother of the bride, was the usher.

Following a reception for 100 guests in Chicago, the couple left for a honeymoon in Colorado.

Woman's Democratic Clubs to Begin Campaign Tuesday

Democratic women of Cook county will begin a campaign action at 2 p. m. September 23 when the Federation of Illinois Woman's Democratic clubs, headed by Mrs. Elizabeth A. Conkey, present county candidates running for office on the Democratic ticket in November.

The occasion will be in the form of a reception and tea in the Cotillion room of the Morrison hotel in Chicago.

The candidates and the offices to which they aspire include: John Gutknecht, state's attorney, Joseph Baran, recorder of deeds; John E. Conroy, circuit court clerk, and Louis London, coroner.

Samuel W. Witwer Jr. will speak on the banking law amendment to the state constitution.

Barber Shoppers To Hold Annual Night of Harmony

Arlington Heights chapter of the Society for the Preservation and Encouragement of Barber Shop Quartette Singing in America, Inc., will hold their annual "Night of Harmony" program November 9, at the field house, according to Dan Krebsbach, chapter president.

The program will feature the Arlington Heights SPEBSQSA chorus, several quartettes made up of members of the chapter, and at least one outstanding "name" visiting quartette, Krebsbach said. Additional variety acts and comic motifs will be added to the program.

This is the program originally scheduled for last spring, but postponed at that time because of a conflict of dates. The Arlington SPEBSQSA group, now in its third year, meets Mondays at 8 p. m. in the field house, and male singers—especially those with previous barber shop experience—are invited to try out for the chorus, Krebsbach said.

The first regular meeting of the Arlington Heights Junior Woman's club was held at the field house September 9. Mrs. James Bean, the new president, presided.

Plans for the coming year were discussed, and it was announced that the next meeting, September 20, will be guest night.

Miss Elaine Allison announced that tickets will soon be on sale for the club's first dance of the year, which will be a cocktail dance at the Mount Prospect Country club October 11.

Presenting The Younger Generation

Rutledge studio

One year old

Just a month ago this blond and brown-eyed cherub celebrated that momentous occasion, his first birthday. He is Conner Christensen, son of Mr. and Mrs. Ralph L. Christensen of 135 S. Brockway, Palatine.

"Conner is learning to walk and talk," stated Mrs. Christensen. He is a very happy little fellow and is always pleased with company, especially visits from the neighborhood children.

The only grandparent is Mrs. C. L. Christensen of New York City.

Pretty lass

The old saying "as pretty as a picture" could well be applied to little Mary Fons Rorex, next in our representation of Palatine youngsters.

Mary is a blonde and blue-eyed girl and the daughter of Mr. and Mrs. Jeff A. Rorex of 163 S. Plum Grove. She will celebrate her third birthday November 26. "Dolls, tricycle, and playing with her marbles," are favorites with Mary. She is the youngest of three girls. Barbara Lane is 15 and a sophomore at Palatine high and Jeffrey Ann, 11, is in the sixth grade at the Palatine consolidated school.

Grandparents of the children are Mrs. I. A. Rorex of Sheffield, Ala., and Mrs. J. G. Wilson, also of Sheffield.

Chatterbox

A family party was held September 6 for the celebration of the second birthday of Scott James Morris. This smiling brown haired, blue-eyed boy is the son of Mr. and Mrs. C. J. Morris of 239 S. Brockway, Palatine.

"Scott is quite a talker," said his mother. "In fact we can't shut him up!" In addition to chattering, Scott loves to play with Pat, his Irish setter.

Mr. and Mrs. E. F. Pippitt and Mr. and Mrs. John Morris of Des Plaines are the grandparents.

Bright eyes

These big, blue eyes belong to 8 month old Robert Earl McReynolds Jr., wee son of Mr. and Mrs. R. E. McReynolds of 538 S. Lincoln lane, Arlington Hts.

Robert is a happy fellow, always laughing, said Mrs. McReynolds. He is starting to walk and manages to explore everything within reach.

Admirers of their baby brother are Donnice and Karen McReynolds. Donnice is 4 years old and able to help with the baby. Karen is just a toddler, 18 months old.

Mr. and Mrs. E. A. Weidler of Park Ridge and Mrs. G. E. McReynolds of St. Joseph, Mo., are the grandparents of the youngsters

Favorites for Flavor

By LOIS SEILER

Homemade cakes are an important feature of the smorgasbords sponsored by St. Peter Mothers' club of Arlington Hts. This year the smorgasbord will be held in St. Peter's new activities building September 26, and serving will begin at 5 p. m.

For several years Mrs. Gladys Tubbs has been bringing one of her specialties to the affair, a luscious Pineapple Sponge Cake. This high, light cake contains eight eggs and is delicately flavored with unsweetened pineapple juice.

Mrs. Tubbs either frosts the cake with a thin butter cream icing, or sprinkles it with powdered sugar. For a particularly fancy event, she frosts the cake with whipped cream and uses pineapple slices and maraschino cherries as garnishes.

A member of the Mothers' club for 11 years, Mrs. Tubbs is a past president of that organization. She is now co-chairman in charge of compiling data for the new town director.

Mrs. Tubbs and her daughter, Judy, live at 18 E. Northwest hwy., Arlington Heights. Judy is a high school freshman.

Pineapple Sponge Cake

8 egg whites
½ teaspoon salt
¾ cup sugar
8 egg yolks
¾ cup sugar
½ cup unsweetened pineapple juice
1½ cups sifted cake flour
1 teaspoon baking powder

Beat the egg whites with the salt until moist peaks form. Gradually beat in ¾ cup sugar.

Beat the egg yolks and gradually beat in another ¾ cup sugar. Add the unsweetened pineapple juice to egg yolk mixture and blend thoroughly. Slowly add the dry ingredients which have been sifted together.

Add this golden mixture to the egg white mixture and beat only until it is blended together.

Pour the batter into an ungreased tube pan and bake in 325 degree oven for one hour, or until cake is firm to touch.

Frost with a thin butter icing, sprinkle with powdered sugar, or frost the cake with whipped cream and garnish with pineapple slices and marischino cherries.

Madonna Frank And Richard Heinen Wed

Bak Photo

Wearing a lustrous white satin wedding gown, Miss Madonna Frank, daughter of Mr. and Mrs. Wilbur Frank of Walnut Hill Farm, Palatine, became the bride of G. Richard Heinen, son of Mr. and Mrs. Otto P. Heinen of Rainbow rd., Barrington, September 6 at St. Anne church, Barrington.

Rev. Alexander N. Thane performed the nuptial mass at 10 a.m. and music for the service was supplied by several members of the church choir with Mrs. George Coupe as soloist.

The two rings used in the ceremony were carried to the altar on a heart shaped satin pillow by 3½ year old Brian McCartney of Inverness.

Simplicity keynoted the bride's attire. Her gown was styled with a high wing collar, long sleeves and full skirt of unpressed pleats that extended into a generous train. Small satin covered buttons trimmed the waist front. Her illusion veil was fingertip length and was held in place by a narrow band of satin. She carried a bouquet consisting of a white orchid surrounded by stephanotis.

Preceding the bride and her father down the aisle was Miss Patricia Heinen, sister of the groom, as the maid of honor, and Miss Patricia Coupe of Barrington and Miss Barbara Olsen of Palatine as bridesmaids.

They were dressed alike in dusty green faille gowns. The dresses were complemented with brief-jackets of lace. The attendants carried bouquets of small chrysanthemums. Yellow to rusty hued blooms were used in the bridesmaids' bouquets and the maid of honor's were in the darker rust tones.

Mrs. Frank chose a navy blue taffeta and chantilly lace ensemble and had a white orchid pinned at her shoulder, and Mrs. Heinen was dressed in pale blue crepe and had a corsage of red roses.

Peter Heinen was his borther's best man. William Frank, brother of the bride, Peter Mead and Thomas Philbin of Barrington and Leonard McGee of River Forest were the ushers.

The church ceremony was followed by a breakfast-reception at the Radio Club Farm at Palatine. Guests numbering 150 were present.

Later the newlyweds left on a honeymoon trip to an undisclosed destination. After October 1 they will be home at Hobby Hill on Ela rd.

The groom attended Barrington high school and Marquette university at Milwaukee and now is a salesman for Talon, Inc. The bride, who received her schooling at Palatine and Trinity Girls' high schools and Lake Forest and Barat Sacred Heart colleges, works as a secretary at the William Frank Co. in Barrington which her family operates.

Engaged

Mr. and Mrs. Walter Mulso of Wheeling announce the engagement of their daughter, Marilyn, to Albert Scholle, son of Albert Scholle Sr. of River Grove.

Ninth Antique And Hobby Show Draws Crowd Of More Than 1,550

Grandmother's Memories and the Country Kitchen, special features of the ninth annual Antique and Hobby Show held at the Methodist Meeting House, Arlington Heights, for three days last week, were visited by more than 1,550 persons, many of whom came back two and three times.

St. John's Evangelical church was the scene of Grandmother's Memories, an unusual display of handmade quilts, of which many had interesting histories, and lovely table settings, which would be the envy of any guest.

The perfectly stitched quilt, "Brides of All Nations," was made and exhibited by Mrs. Edward Schumacher, while the quilt showing the state flowers was made and exhibited by Mrs. Stan Myers. The quilt exhibited by Mrs. V. O. Bernthal and made by her great aunt was composed of more than 8,000 pieces. The quilt exhibited by Mrs. Willard Pate was made in 1935 by her grandmother, Mrs. Miller. Mrs. Miller drew the pattern free hand and made six of these quilts for her daughters after she had reached the age of 75.

A fascinating quilt was exhibited by Mrs. Robert Evans and was made by Mrs. Hirschi, who is now 90 years old. Mrs. Hirschi used every variety of stitch in making her quilt and it seems as if she would sew on it whatever she was thinking of at the time; for there is a man with an umbrella, a pair of gloves, a flower evidently from a dancing gown, and many other figures. A needlepoint, quilt made in 1840, was also on exhibit.

The authentic Country Kitchen on the stage of the gym at the Methodist church was just what the name signifies. Everything was as it should be from the magazines to the table and chairs. There was even an old fashioned gramaphone, bath tub, kitchen pump, etc.

Nineteen antique dealers displayed their wares on the first floor of the church.

Especially unusual were the dried apple dolls displayed by Mrs. C. H. Mills. Mrs. Mills actually makes the expressive faces of these dolls from dried apples.

The show also featured luncheon, dinner and afternoon tea, and The Country Kitchen cook book will serve as a reminder of future hobby shows at the Methodist church.

Words Often Misused

"Pupil" is used of younger persons. "Student" is the general term for one in attendance at a higher institution of learning. "Scholar" is now applied chiefly to one who has engaged in advanced study, and acquired knowledge in some special field.

Do not use "ways" for "way," as in the expression, "a little ways up the hill." Say, "a little way up the hill."

Both "slow" and "slowly" are adverbs. "Go slow" is the preferred form in directing motorists. In some cases, however, "slowly" is used. Thus: "The procession moved slowly away," or, "The sun sank slowly."

Do not say, "We are contemplating on moving." It is much better to say, "We are considering moving."

Do not say, "I'll have a rare cut of beef." Say, "I'll have a cut of rare beef."

Avoid saying, "A certain party of my acquaintance." Instead, say, "An acquaintance (friend) of mine."

Words Often Mispronounced

Salute. Pronounce the u as in use, not as in rude.

Protocol. Pronounce first and second o's as in no, last o as in on, accent first syllable.

Justifiable. Principal accent is on first syllable, not the third.

Virile. Pronounce the first i either as in vine, or as in vim.

Malpractice. Pronounce both a's as in at, accent second syllable.

Viscid. Pronounce vis-id, both i's as in it, accent first syllable.

Words Often Misspelled

Deceased (dead); diseased (afflicted with disease). Muscle (bodily organ); mussel (bivalve mollusk). Villain, two l's; vilify, only one l. Annuity, two n's; anoint, only one n. Apprise (to inform); apprize (to appraise). Inundate, observe the in; innuendo, observe the inn.

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Disseminate; to impart, broadcast, or spread generally or publicly. "That country uses the radio for disseminating propaganda."

Rectitude; uprightness; integrity. "The rectitude of his behavior was above reproach."

Dexterous; characterized by skill. "He had the dexterous motions of an expert."

Submission; yielding to power or authority. "Your submission to his demands would mean slavery."

Condescend; to stoop or descend; to accommodate one's self to an inferior. "Shall we condescend to this man by acceding to his demands?"

Elude; to avoid slyly; to escape from in a covert manner. "He eluded the officer."

Farm Ponds Paying Off

My farmer friend called me this morning to say that there were a half dozen teal and two mallards sitting on his three acre farm pond which had just been completed this summer.

"When you told me I might get some duck shooting on this dinkey little puddle I thought it was just another fairy tale, but the ducks are here already and I intend to shoot a couple when the season opens," he said.

* * *

MANY OWNERS of small ponds have been agreeably surprised to find wild ducks coming in regularly. Occasionally geese too. If they use reasonable shooting limitations they can have a duck or two every few days allowing the ducks to rest on the pond most of the time.

Another farmer living in central Illinois, far from the usual river shooting areas, reports that for the last several years he has taken a dozen or so ducks and even a couple of Canadian honkers from his one and a half acre pond. Down near Mt. Vernon another farmer shoots ducks from his barn door. These experiences verify a contention that the average prairie farmer and a few of his friends can have good duck hunting right at home if they will get busy and build that farm pond. Better results per hour and dollar spent than if they go to the crowded river shooting grounds.

Reforestation Trees Announced

Farmers can now take steps to reserve trees from the two Illinois state nurseries for forest plantings next spring, according to Carl F. Mees, county farm adviser. September 1 is the earliest date on which applications may be filed he says.

Among the hardwood or broadleafed species, ash, black locust, cottonwood, osage orange (hedge), red gum, red oak, sycamore, tulip poplar and white oak are available as one-year-old seedlings. Black walnut seed is also listed. Mees suggests that tree planters having any of these species in their long-range plans might do well to plant next spring, since some species are not widely demanded and may not be offered later. This year's price on the hardwood seedlings is $7.50 per thousand.

* * *

NINE SPECIES of conifers or evergreens are being offered as seedlings or transplants. These include bald cypress, red cedar, and jack, loblolly, red, Scotch, shortleaf, Virginia and white pine. Their cost ranges from $5 to $20 a thousand, depending on kind and age of stock. Multiflora rose for use in wildlife and fencerow plantings is also available as one-year seedlings at $12.50 a thousand. Red pine is limited to not more than 10,000 plants to an order, and a complete order must total at least 500 trees of any species.

Tree stocks grown by the state nurseries are intended for use in establishing plantations to produce tree crops, control erosion, and provide food and cover for wildlife. They may be used in developing shelterbelts for field protection. Common tree crops include cut Christmas trees, holiday greens, posts, poles and saw logs, trees for landscaping, ornamental shade or farmstead windbreak purposes must be obtained from other sources.

Special application forms for ordering state nursery stocks, detailed information on prices and information on tree planting are available at the farm adviser's office.

Cattle Feeders' Day Will Be October 31

The 24th annual Cattle Feeders' Day at the University of Illinois will be held October 31, R. R. Snapp, head of the beef division of the college of agriculture, has announced.

Snapp reports that new program features this fall will include guided tours of the new College of Veterinary Medicine and Animal Sciences Laboratory buildings.

Another feature of the morning program will be open house at the beef farm, when beef division staff members in the college will show visitors the latest experiments in beef feeding and other research projects.

In the afternoon program, visitors will hear talks by guest speakers, a roundup discussion of research work going on at the beef farm and summary of the beef outlook situation.

While the date is nearly eight weeks away, it's not too early to draw a heavy circle around October 31, Snapp suggests.

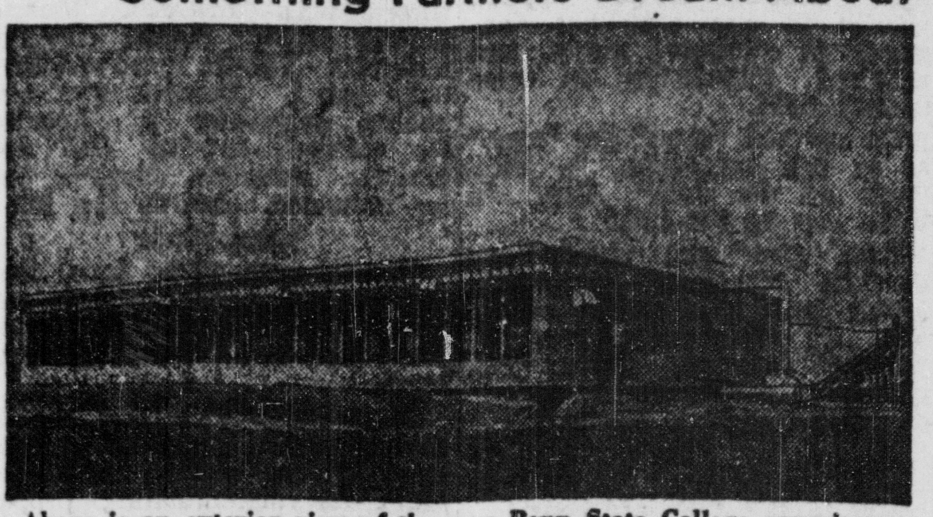
Poultry House at Penn State Is Something Farmers Dream About



Above is an exterior view of the new Penn State College experimental poultry house.

By IRA MILLER
Farm Electrification Bureau

Too bad that the breakfast egg isn't wired for sound. If it were—and could talk about the electrical doings in today's modern poultry houses—the morning newscast would appear dull by comparison.

One of the very latest of such structures is a combination brooder and layer house, developed by The Pennsylvania State College. It is 30 feet wide and 100 feet long. Thirty-three hundred chicks can be started in it at one time. Later, when the cockerels are removed, it is estimated that approximately 1,500 layers will remain. The house faces due south, and is "solar-oriented" to obtain the most sunlight and warmth in winter, through 4 x 6 double-glass windows of special design. The windows stretch across the front of the house, and have retractable shades to keep the hot rays of the sun out in the summer. Windows at the rear of the house always are in the shade.

The floor of the house consists of two layers of concrete separated with a vapor barrier. A droppings pit 8 feet wide by 10 inches deep extends almost the full length of the house. Over the pit are 4 x 8-foot angle iron frames covered with 1 x 4-inch mesh wire screen. A poultry utility unit consisting of an automatic feeder, 4-tier roosts, and waterer is installed over the pit; 20 sectional nests are placed against the back wall. Feed is moved through troughs which make a complete circuit of the pit area.

Removal of manure from the pit has been simplified and made automatic through the installation of a modified version of a dairy barn gutter cleaner. A scraper-type elevator receives the droppings as they are removed from the pit and carries them into a wagon alongside the building. Because most of the manure drops into the pit, eggs stay cleaner. The house is adequately ventilated by eight electric fans—four in the front part of the structure and four at the rear.

Chicks are brooded with electric brooders over the pit. The screens over the pit are covered with building paper to hold the litter. During the brooding period waterers are located over a narrow portion of the pit so that any overflow will fall into the pit instead of in the litter. After chicks are 8 weeks of age, the watering trough is attached above the mash feeder line.

The installation of time switches provides for automatic control of lights and the operation of feeders. Their use enables farmers to follow any desired lighting and feeding schedule without spending valuable time away from other more productive farm chores.

The building is designed to provide maximum efficiency of operation for the farmer and his flock. Cleaning of the house—and eggs—is practically eliminated; adequate ventilation keeps the birds in top condition, and the new solar type design provides facilities for controlling summer heat and winter cold.

New Animal Sciemces Lab In Operation

The new Animal Sciences Laboratory building at the University of Illinois College of Agriculture was partially "open for business" this week.

Some of the moving has been completed by the animal nutrition, dairy science and food technology divisions of the college, which will occupy the new building, according to R. R. Hudelson, acting dean of the college and director of the experiment station and extension service.

Mechanical equipment in the new laboratory building ranks with the best on the campus, Hudelson said. In addition to the latest laboratory equipment, a fifth floor penthouse houses equipment for handling air conditioning, refrigerators, distilled water, air and temperature control and ventilation.

Another feature is an air-controlled laboratory in the basement with animal stalls where effects of extreme temperatures and humidity on animal nutrition will be studied.

The new building will not replace field and feedlot research work, college authorities emphasize. But the new equipment and facilities will enable the researchers to dig far deeper into many of the problems of animal and human nutrition and dairy science than has been possible in the past.

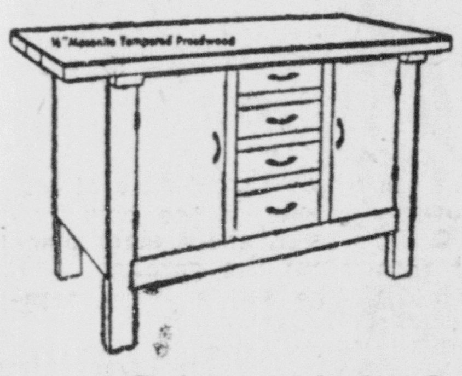
Make Your Own Workbench!

EVERYBODY'S doing it nowadays—home repairs and general fix-up, that is. Every home craftsman needs working space for these endeavors. The minimum space required is a workbench. If there's a workshop, it's usually built around the bench.

Project No. 1 for the home craftsman is a workbench—if he has none or the old one is inadequate. Illustrated is a sturdy model which he can build from a free plan. This bench is 26½" wide and may be up to 6 feet long. It has two closed compartments and four roomy drawers.



Much of the bench's sturdiness (it will last for years and years) is due to the Tempered Presdwood used for the working surface and for covering the lumber framing. Even the doors and the drawer bottoms utilize this extremely dense, durable material. Tempered Presdwood was used in World War II as parts of America's speedy and deadly PT boats. Workbenches in thousands of industrial plants are covered with this versatile exploded-wood product.

To obtain free plans and step-by-step directions for making this workbench, simply mail a postal to Home Service Bureau, Suite 2039, 111 West Washington St., Chicago 2, and request a copy of the Hall workbench.

Grease, Oil May Cause X-disease In Farm Cattle

If your cattle get a chance to lick grease and oil from your farm machinery, some of them may end up with hyperkeratosis (X-disease.)

That's the statement of Dr. R. P. Link of the University of Illinois College of Veterinary Medicine. He returned recently from a meeting at the University of Tennessee where scientists from 17 State Agricultural Experiment Stations met with representatives from the U. S. Department of Agriculture to compare results of their research on hyperkeratosis.

* * *

SCIENTISTS also advise that crankcase oil, old oil drums and similar containers should be kept away from cattle, Dr. Link states. And drainage from around grease racks and machinery sheds should not be allowed to contaminate cattle lots and pastures.

Cattle may become affected with X-disease by swallowing highly chlorinated naphthalenes contained in certain lubricants, or by unknown toxic materials in feeds. The disease has also been produced experimentally by feeding certain batches of processed concentrates and roofing asphalt.

* * *

HYPERKERATOSIS was reported for the first time in the United States in New York in 1939 and for the first time in Illinois in 1948. It has caused severe losses in areas throughout the United States.

Scientists who atended the meeting say they will continue research to learn other possible causes of hyperkeratosis. Attempts also will be made to develop methods of prevention and control.

Low-Cost Carport Gains in Favor as Garage Substitute

Many a new home owner whose budget cannot stand the cost of a good garage these days has found he gets along just as well with an inexpensive carport, builders say.

This is especially true where winters are mild. Even in colder climates, however, carports often prove satisfactory. The man who drives to work daily and leaves his car in an open parking lot often reasons that there is little to be gained by providing complete cover for the car at night.

A carport can be described as a roofed shelter without enclosing walls. It affords overhead protection from rain and snow. The current trend is to build the port as part of the house, allowing it to extend at one side of the home much in the manner of a covered porch.

An attractive, durable roof can be built economically with corrugated asbestos - cement sheets. Weatherproof and unusually strong, the sheets are available in a width of 42 inches and in lengths ranging from 3 to 12 feet. They require no painting.

Big Job

In Mandan, N. Dak., a local radio announcer offered, personally, to do the laundry of any listener who could identify the author of the phrase, "So much to do with so little time," gulped when the correct answer (African pioneer, Cecil Rhodes) came from a woman who turned out to be laundress for 300 inmates at the Mandan State Training School.

Guide To Successful African Violets Now Available

Practically everyone can do a top-notch job of growing African violets, one of America's favorite flowering house plants — but it takes a little "know how."

A new publication available from the University of Illinois college of agriculture, "African Violets in the Home," is designed as a guide to successful growing of these plants. The plants are easy to start, the guide states, but they're a little fussy about some growing conditions, such as light, temperature, humidity and drainage.

The first rule is to avoid too much or too little light. Generally the plants should not be exposed to full rays of the sun.

If temperatures in your home never get below 60 degrees you probably can grow African violets successfully. Drainage is the most important thing so far as soil is concerned. Keep the mixture loose and porous, and use a soil of moderate fertility, fairly high in organic matter.

The publication gives detailed instructions on watering, fertilizing and controlling disease, as well as other tips on care of the plants. You can get a copy of the guide, circular 695, from your farm or home adviser or from the college of agriculture, Urbana.

Invisible Coating

A manufacturer has devised an invisible coating you can spray on the insides of windows to prevent fading of drapes, furniture, and floor coverings. Screening out rays of the sun that cause damage, one application is said to last 4 months despite repeated window washing. You can spray it on lamp bulbs, too, to prevent lamp shade fading.

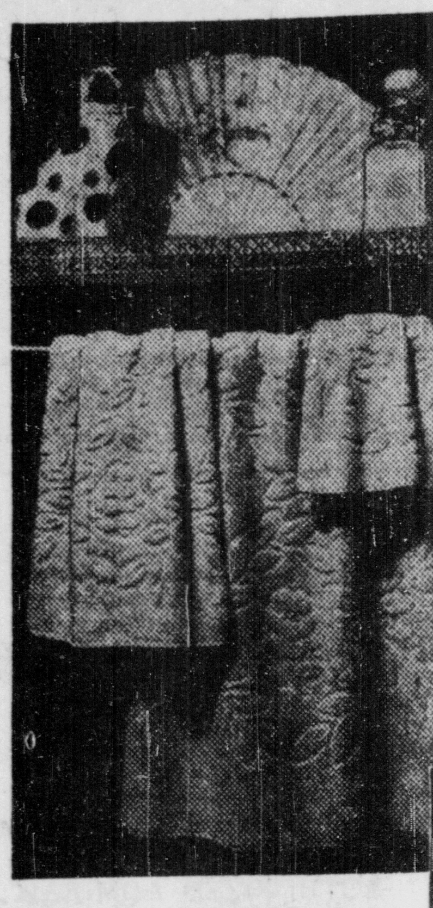
It's Easy To Glamourize Towels



Glamorous towel fixtures to dress up your bathroom need not be expensive. With a little ingenuity and a few simple props, you can make your own. First, study your color scheme and the general decor, then plan the fixtures and the accessories in keeping with the theme. The Cannon Homemaking Institute offers these interesting shelf arrangements that can be made in a few hours' time.

The gilt filigree shelf, shown at the left, is made from a 4-inch strip cut from a radiator cover and gilded, then nailed to the edge of a 12" x 36" wooden shelf. The towel bar, from the dime store, is gilded to match. Similar effects can be achieved with brass moldings found at hardware or building supply stores.

The useful hanging shelf, with plenty of towel storage space, shown at the right, requires two painted shelf boards, 12" x 36", with holes bored in the corners. Five yards of nautical rope, knotted in the right places, hold the swinging shelves in place. A beribboned wire basket serves as a colored soap receptacle.

For a ranch-type home, try stirrups with leather straps as towel holders. For a gay mood, a garden trellis with rings attached gives ample place for hanging many towels.

About Your Health

One of the most unsightly and contagious conditions that affect the skin is impetigo contagioso. Because of its frequent occurrence in children and because of its great contagious character, parents should be alert to the appearance of crust-like scabs or pimples.

Impetigo contagioso is caused by the pus-forming germs, known as the staphylococci and the streptococci. Either or both may be responsible, and, in children, may be transmitted in play. Although the condition is commonest in children, adults also may become affected. Wrestling mats, boxing gloves and athletic clothing are among the athletic sources involved in the spread of the infection.

* * *

THE CONDITION commences as a small blister, or it may begin with a cluster of blisters, varying in color from yellow to dark red. Since the causative agents are pus-forming germs, a purulent discharge may be associated with the condition, or the crust may form with little or no discharge.

While impetigo contagioso is usually limited to the exposed parts of the body, such as the face, ears, neck and sometimes the hands, it may spread quickly to other parts of the body. It may take on the appearance of a cold sore on the lips. There are no definite symptoms. Even when a dozen or more of these unsightly sores are evident, the victim complains very little of itching, burning or pain.

ONCE A CHILD is infected, the condition can assume epidemic proportions because it is so contagious. For this reason, an affected child, or adult, should be excluded from contact with others. The sores usually appear within a few days or a week after the germs enter the skin, through a cut or a scratch.

It is spread from person to person, either by direct contact such as handling, or through the use of towels or wash cloths. Good hygiene is always a factor in prevention of disease, and parents and children alike should be taught the need for using their own toilet articles.

SCRATCHING should be avoided, since the purulent material can lodge beneath the fingernails or on the fingers, yielding another source for transmission of the causative germs. Fingernails should be kept short and cleaned thoroughly. Pillowslips should be changed frequently and laundered apart from other linen. Underclothing or clothing which is in contact with the skin should also be handled with great care.

In the care of impetigo contagioso, the scab-like crusts are removed and the smooth, red, moist skin beneath is carefully treated with an antiseptic. Very often one of the antibiotic drugs is employed and, frequently, in stubborn cases, the x-ray is used.

Gardeners Can Get Soil Tested Here

If you've been wondering what fertilizers your garden plots need, fall is a good time to have tests made. You'll have plenty of time to get recommendations back and buy the needed materials.

Carl F. Mees, Cook county farm adviser reports that home gardeners can get their soil tested for phosphorus, potassium and acidity by the farm bureau laboratories in Lockport.

College of agriculture vegetable crops specialist C. Y. Arnold suggests these steps for taking an accurate soil sample:

* * *

1. **DIG A HOLE** about seven inches deep.
2. Take out a thin slice of soil down one side of the hole.
3. Do this in about eight places throughout the garden.
4. Dry the soil at room temperature.
5. Crush the soil and mix it thoroughly.
6. Use about a pint of this mixture for the sample.

* * *

PACK THE SAMPLE in a paper sack and put it in a box or can. Label the sample with your name and address and mark it "Vegetable Garden." Mail to H. L. Cletcher, R.R. 1, 131st & Bell rd., Lockport, Ill. In a separate envelope send check or money order for the necessary amount made out to H. L. Cletcher.

The cost is $1.00 minimum charge, 45c per sample whichever is greater.

HINTS FOR HOMEMAKERS

TAKE GOOD CARE OF YOUR WASHER

by the
General Electric Consumers Institute

Let's face it. An automatic washer needs a really thorough, all-out cleaning once a year.

If your machine is one which you can dismantle and clean yourself, so much the better. Otherwise, the washer will need the attention of a serviceman.

There's a certain satisfaction in knowing that you can do the job yourself—and it's not a difficult task if you take it step by step, according to the General Electric Consumers Institute. (It's also a wonderful way to actually get acquainted with the working parts of your washer.)

Here's how:

Empty the machine of all water, set the dial to the "off" position, push in the switch and disconnect the cord from the wall outlet. Remove the washer lid and lift off the top cover.

Lift Activator Out

Unscrew the activator cap, lift out the activator and wipe it thoroughly, especially on the under side. And wipe off the drive block (located directly under the activator unit).

Push the washbasket first to one side and then to the other, so that you can wipe out the inside surface of the tub area with a mild cleanser on a damp cloth.

Remove any lint that may have gathered around the pump opening. Replace activator and activator cap.

Rub a little soapy water on the tub gasket to allow easy assembly of the cover—and replace the cover while the gasket is still wet. If the gasket is dry when the cover is replaced, a leak may develop.

That's all there is to it. You're set for another year.

Money For VA Home Loans Still Shrinking

Money for 4 per cent loans guaranteed by the veterans administration for single-family homes is further drying up, widening the gap in availability between funds for that type of mortgage and for conventional loans.

By the end of July, the number of communities reporting money readily available for purchasers with GI loans had dropped to 4.2 per cent. In May 11.4 per cent of the communities had reported in this category. At the same time, conventional loans moved still farther in the opposite direction, pushing the gap even wider. Funds were readily available in July for this type of loan to home purchasers in 73.2 per cent of the areas. This figure was an improvement over May's 69.6 per cent.

* * *

ANOTHER OF the significant aspects of the mortgage money market is the marked increase in the number of second mortgages in connection with conventional loans. At the end of May, only 42.3 per cent of the areas noted the use of second mortgages, but at the end of July this figure had jumped to 65.3 per cent.

Loans insured by the FHA under its Title II program (the most widely used plan) for single-family dwellings were readily available at the end of July in 41.4 per cent of the areas, compared with 36.7 per cent at the end of May. They were moderately available in another 41.4 per cent of the communities, compared with 41.8 per cent in May.

Although 5 per cent is more frequently mentioned as the prevailing interest rate for home loans than any other, it is noteworthy that higher or lower rates, or a range of rates, were reported by so many communities.

* * *

IT IS OBVIOUS from the above facts that continued government pressure to maintain low interest rates on VA loans is causing hardship for those purchasers who must use this type of financing. If the VA rate were allowed to increase to 4½ per cent, many leading financial institutions have said that funds would become more readily available.

Says Little Mr. Helping Hand:

HERE'S A SURE WAY TO CUT LIVING COSTS

"Take advantage of those bargains advertised in this paper by which you can save as much as 50% — by being able to buy for cash. The savings you can make on furniture, clothing, household furnishings, drugs, groceries are considerable.

"As for cash, get it from Roy Geyer, of the Des Plaines Branch of the Imperial Credit Company. Once you do business with Imperial, a credit of up to $500 is established for you. Against this, you can borrow $10, $20, $50 or any amount up to the extent of your credit. By paying for what you buy at a bargain with money borrowed from Imperial, you get all the advantages of convenient terms, all the savings of cash buying.

"Cut your living costs this sure way. Take advantage of the next bargain advertised on something you need, getting any money necessary from Roy Geyer."

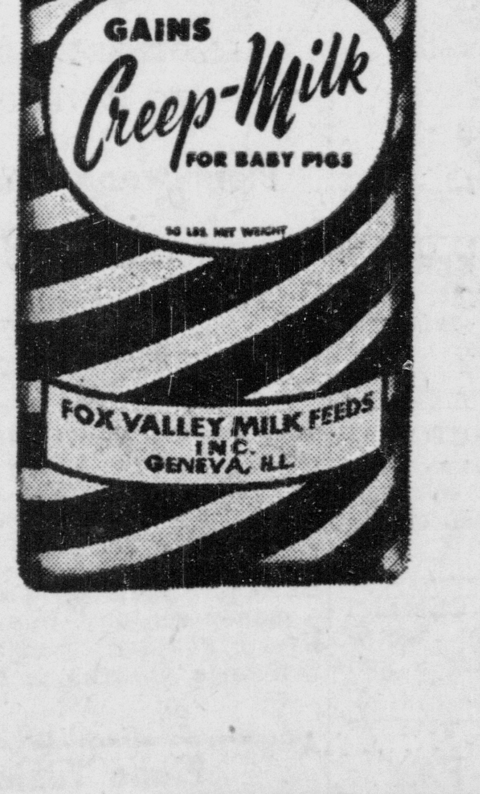
GAINS Creep-Milk FOR BABY PIGS

...as spectacular as synthetic sow's milk but none of the extra labor or equipment



TO OUR CUSTOMERS

Creep-Milk is a brand new idea for feeding baby pigs. It offers you all the growth advantages of a synthetic sow's milk feeding program, but eliminates the extra labor and equipment. Creep-Milk does not replace the sow . . . it supplements her. Pigs remain on the sow and get the extra growth-promoting nutrients by eating small quantities of Creep-Milk dry and free choice, beginning the very first week.

There have been a lot of extravagant claims made, but here are the facts:

1. The national average of 8-week old pigs is 20 to 25 pounds.
2. A good commercial creep ration will increase this from about 7 to 10 pounds.
3. Antibiotic pellets implanted under the skin claim three pounds extra growth.
4. Synthetic sow's milks consistently add 15 to 20 pounds, BUT . . . the extra labor and equipment required by them frequently makes them impractical for use on the average farm!
5. Pigs raised on Creep-Milk repeatedly averaged the same as those raised on synthetic milks, but there was no extra labor or equipment needed!

We think Creep-Milk is the best idea that's come along in years. If you have pigs coming, buy just one bag and see if you don't agree . . . . .

At Wittenberg

Five young persons from this area are enrolled at Wittenberg college, Springfield, O., which began its 108th year of teaching September 15.

They are: Nancy Dallia, 15 S. Albert st., Mount Prospect, and Marjorie Payne, 709 S. Ioka ave., Mount Prospect, both sophomores; Leigh Petersen, 209 N. Parkway, Prospect Heights; Anita Petersen, 6 N. Waverly, Mt. Prospect, and John Leark, 724 N. Mitchell, Arlington Heights, all freshmen.

All are graduates of Arlington Heights township high school. Marjorie, Nancy and John were graduated in the class of 1951; Leigh and Anita in the class of 1952. Nancy and Marjorie are room mates at Ferncliff Hall as are Leigh and Anita.

Supported by the United Lutheran church in America, the college is open to students of all denominations, its stated theory of education being "The true basis of education is the drect contact of the learner's mind with the trained mind of a devoted teacher." For this reason classes are kept small and an effort is made to limit enrollment to not more than 1,000 selected students.

At Cornell

Margaret Twigg, daughter of Mr. and Mrs. Harry A. Twigg, 623 N. Hickory, Arlington Hts., left Tuesday for Cornell college, Mount Vernon, Ia., where she is entering her freshman year.

At Evanston

Miss Taunya Gage, 832 S. Vail ave., Arlington Heights, has enrolled in the fall session at National college of education, Evanston. National college of education is the oldest private elementary teachers college in the United States. A junior, she is the daughter of Mr. and Mrs. Rex T. Gage.

At Normal

Carolyn Jane Blaschke, graduate of the June '52 class at Arlington high, entered Illinois state normal university at Normal September 8 to begin preparation for teaching of primary grades. She resides in Fell hall, freshman women's dormitory.

Too Liberal

On Block Island, R. I., Volunteer Fire Chief J. C. Dodge reminded subscribers that they had contributed too much money to his department last year, declared that half of their 1951 contributions would be plenty this year.

Oak Floor Over Concrete Slab Adds Warmth

Oak flooring is being installed in more and more homes erected on concrete slab bases, according to builders in areas where that type of building is prevalent. One important reason, they say, is because home owners have found that properly laid hardwood floors eliminate the winter problems of coldness and dampness sometimes associated with slab construction.

Strip oak flooring now can be laid over concrete by a relatively new method which eliminates the expense of conventional wood flooring.

OAK FLOORS, the builders point out, are especially desirable over a concrete slab, since they have considerable insulating value and thus retard heat loss. The moisture barrier used either under the slab or on top of it in this type of construction guards against floor dampness.

In addition to the natural insulating quality of the wood there is another explanation for the added warmth of oak floors over a slab, according to builders.

The flooring, they explain, is nailed to short lengths of 2x4s laid wide side down. At these bearing points, therefore, there is a floor thickness of nearly three inches—two in the nailing pieces and almost one inch in the oak flooring itself. In the area between the nailing pieces the oak is separated from the slab by an air space of two inches. That, too, serves as an insulating factor. The flooring is not in direct contact with the cold slab.

With some types of substitute flooring this protection is missing. The flooring itself often is less than a half-inch thick, has little insulating value and is adhered directly to the concrete.

Trees Shed Twigs As Nature Helps Them Save Energy

This is the twig-dropping season for some trees, a phenomenon that alarms home owners. Elms, and to a lesser degree, oaks, are those that usually shed twigs most profusely.

Twig falling is part of the tree's defense mechanism. It is simply getting rid of appendages to reduce nourishment needs and there is no real cause for worry, advises W. H. Knowles, field representative of the Davey tree expert co.

The big plants are apt to compensate for possible lack of areas subject to drought conditions this summer. Twig fall generally represents the last annual growth. Sometimes twigs representing several seasons growth will break off.

You may have reason to suspect the twig litter on your grounds is excessive. In that case, it is a good idea to consult the tree expert. Either twig pruners or twig girdlers, or both, may be the real trouble. These insects actually sever the twigs from parent branches. The oak pruner, for instance, attacks oaks, hickory, pecan, maple, chestnut, locust, walnut and a number of other favorite shade trees. The twig girdler works on hickory, pecan, elm, oak, pear and others. If insects are the malefactors, you'll have to burn all littered wood. The twigs probably contain eggs.

Trees also may evidence nutritional distress by leaf scorch and premature leaf shedding. Feeding with a balanced tree fertilizer high in nitrogen content usually is enough to correct the twig or leaf falling condition.

Two Jobs at Once

Now they have concocted a paint-plaster wall-finish combination that lets you paint and plaster in one operation. One coat is said to hide small plaster cracks, fine seams, nail holes, uneven surfaces, and other similar defects. Easy to apply with brush or roller, the finish dries hard and may be washed or even scrubbed repeatedly. It comes in a variety of colors and can be textured with a brush, sponge, or paper.

Modern Etiquette

by ROBERTA LEE

Q. What is the rule on the introduction of young and old persons?

A. The younger person is always introduced to the older or more distinguished, but a gentleman is always presented to a lady, even though he is an old gentleman of great distinction and the lady a mere slip of a girl. Of course, a woman is presented to the President of the United States, a royal personage, or a dignitary of the church.

Q. Does it make any difference whether one sits down from the right or the left side of the chair at the dinner table?

A. No; whichever side offers the easiest and quickest access is the one for you.

Q. What is the proper time of day to make a call of condolence?

A. This call may be made at any time of the day.

Q. If a bride's father is not living, would it be all right for her mother to perform the rite of "giving her away?"

A. Yes. Usually, when this is done, a brother, uncle or close male friend of the family escorts the bride down the aisle and the mother stands and speaks from her pew when the clergyman asks, "Who gives this woman in marriage to this man . . ."

Q. Is it necessary for a person to apologize for the crunching noise that results when eating hard toast, celery, or something of that nature?

A. Not when it is unavoidable. A little practice, however, will enable one to avoid much of this noise.

Q. Should a man who is walking with a woman on the street carry her packages?

A. Yes, if the packages are of considerable size. Otherwise, it is not expected.

Q. How should the invitation to a formal dinner be worded?

A. This may be engraved on a card or written on note paper, and should read: "Mr. and Mrs. James Brown request the pleasure of Mr. and Mrs. Charles Johnson's company at dinner on Thursday the eighteenth of September at eight o'clock — 500 Gray Street."

Q. If one is very friendly with a bridegroom-to-be, but has never met his bride-elect, is it correct to send the wedding gift to him?

A. No. Even though one does not know the bride personally, all wedding gifts are still her property and should be addressed to her.

Q. Is it proper for an office girl to smoke cigarettes at her desk?

A. This is not a matter of etiquette, but one of her employer's wishes.

Q. Is it porper to use the prefix "Miss" on an envelope addressed to a girl 12 or 14 years of age?

A. Yes.

LANDMEIER'S BEAUTY REST MOTEL GAINING IN POPULARITY

After an automobile accident that made continued farming impossible, Alfred Landmeier decided he was too young to actually retire. He utilized a part of his farm, through which route 83 passes to erect a lanite stone motel which he named Landmeier's Beauty Rest Motel.

Situated on Landmeier rd. and rte. 83, a half mile south of rte. 72, it is ideally situated for those who enjoy good sleeping, away from the customary noises. Its construction and size attract many motorists. "After their first night as our guests," says Mr. Landmeier, "many of them return. It is the repeat trade that keeps us going after the busy summer season."

He also says "many people make use of the motel to accommodate guests that happen to be too many for the home. Some stay a week and some a month. Of course, there are special weekly rates. The minute they drive in we consider them our guests and we are happy to receive return visits."

The accommodations include two doubles, one for three guests and nine for two. The rooms which include toilet and showers are automatically heated by gas.

For the benefit of readers of this paper who occasionally have overnight guests, the reservation phone number is Bensenville 881-R-1.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

As working days are made shorter, and men and women have more time to spend doing the things they like to do, the problem of what to do with leisure time so that it may be recreative and profitable looms larger. An instance of this is the problem of oldsters who have reached the retirement age and feel that there is no longer any direction or interest in life.

I have often thought as I walked along delivering mail, that children early in life should be encouraged to cultivate and improve every talent they possess; that they should be led to greater interest in art, photography, wood working, other skills, and athletic activities. A man or woman with leisure on his hands, money in his pocket, and nothing to do or no interests, is inclined to fall back upon sexual drives and the satisfaction of animal appetites for drinking, dope and other degenerative excesses.

One great need today is a greater social consciousness. Part time teachers and social workers who devote their spare time to the help of others less fortunate than themselves can do great things to overcome the forces of crime and poverty.

By cultivating a greater interest in gardening and flowers, many people could find an outlet for spare time that is at once stimulating and gratifying. Beautiful homes surrounded by well tended flowers and shrubs are a source of pleasure and gratification to others, and even more so, to the hobbyist who has grown and cared for them.

It seems to me that there will be a growing need of beneficial means for using spare time as industry and science build machinery which will provide more and more leisure for mankind; that is, civilized mankind. It has always been recognized as a social and moral danger for men and women to have time on their hands, with nothing creative or constructive to use it for. Social leaders and church men recognize that fact more than you and I. With the end of the Korean war which at this writing is in sight, the lessening tension between nations, and the reduction of the need for war supplies, our ability to produce more than we can consume will inevitably result in less working hours and more leisure. That is when the danger of mental and moral corrosion will be near, unless a constructive use of spare time can be found.

Weekly Recipe

Pecan Coffee Pie! It is every bit as good as it sounds. This week I want to tell you how to make the filling, but you may choose you own pie shell. As a suggestion, if you want to use something other than a regular pastry crust, you might use graham cracker or zweibach crust.

Pecan Coffee Pie

1 pkg. vanilla pudding
¾ cup very strong coffee
1 cup half and half
1 cup chopped pecan meats
1 cup whipping cream

Method: Make pudding as directed on package but use coffee and half and half in place of milk. Add nut meats and pour into prepared pastry shell. Top with whipped cream.

GOP Rally In Arlington September 28

Many state and county candidates on the Republican ticket have accepted an invitation to attend the GOP rally at the Arlington Heights field house September 28, from 3 to 5 p.m.

Marguerite Stitt Church, congresswoman of the thirteenth congressional district, will be guest speaker during the afternoon.

The rally is being sponsored by the township committeemen from Elk Grove, Barrington, Palatine, Hanover, Schaumburg and Wheeling, in conjunction with the Regular Republican Women's club of Wheeling township.

A SPECIAL feature of the afternoon will be a question and answer period, when the candidates present will answer political questions submitted in writing by guests when they arrive at the rally. Friends planning to attend are urged to give thought to this phase of the program and arrive with some good questions to put before the candidates.

Following the rally a reception will be held and guests will have an opportunity to meet and talk personally with the candidates. Refreshments will be served.

This affair is open to anyone who desires to know more about the Republican party and the candidates who seek to represent it in the coming election.

JUST AROUND THE CORNER

from PATTY McARDLE

Dear Peg:

How you would have enjoyed seeing a real country kitchen—authentic down to the last flat iron—set up on the stage of the Methodist Meeting House during the Arlington Hts. antique and hobby show. A large table set for four stood in the middle of the stage and in the background was the wooden sink and pump. A big, black, iron, wood-burning stove with its filled wood box commanded one side of the stage, and on the other, an old, leather day bed looked as thugh someone had just left it. On the floor under the kitchen table was an antique portable bathtub. Can't you imagine the children's squeals on Saturday nights as "Mama" thoroughly washed each pair of ears!

One object in the kitchen had me completely perplexed — a strange looking iron mechanism, with a protruding handle obviously to be turned in a circular motion. Upon questioning one of the ladies, I was told it was used for coring and peeling apples. Isn't it strange that, to my knowledge, we don't use such a gadget now, instead of laboring with an old paring knife?

* * *

THE COFFEE MILL and spice chest were also in evidence — as a matter of fact, nothing was missing from the scene except the clean smell of sweet, fresh milk which I remember filling the air of a country kitchen.

The dealers' displays, on the whole, were beautiful, expensive, and not too unusual. It seemed to me, as I went from room to room, that much more interesting and outstanding than the antiques themselves, were the flower arrangements and fabrics used to set them off. One display of exquisite pink and white vases and figurines was enhanced greatly by a background of sheer lace over a rosy material, and the large kettle, filled only with dark green foliage and placed near the more crude antiques (flat irons, butter molds, trivets), helped to create an "earthy," natural setting.

* * *

QUILTS OF both elaborate and more simple design line the walls of the exhibit room in the St. John Evangelical Church. Probably because I'm attracted to bright colors, the white quilt decorated with large, bright red strawberries caught my attention immediately (I could just imagine how charming it would be on our "fourposter ").

"Harvest Dinner," I thought, was the most eeffective of the several table settings in this room. The strong, rust color of the calico table cloth trimmed with black rick-rack and the black napkins complemented beautifully the Tea Leaf Luster ware. However, I would have enjoyed the tables more had they all been set as they actually would have been in an earlier period, rather than set to give simply an impression of an earlier period (I don't think it would ever have occurred to Grandmother to use her heavy, iron scales as a center piece container for fruit and ivy!)

Well, dear, I hear Megan awaking from her nap — this means the end of anything as "inactive" as letter-writing. So, until next week,

My love,
Patty

TALES of the STREET

—T. C. HART

Taft Call to Battle

Senator Robert A. Taft, who was defeated for the Republican presidential nomination by a combine composed of new dealers, one worlders, eastern internationalists, Wall street interests and about as nefarious a combination of political misfits as was ever gathered together for a single purpose, has held a conference with Dwight D. Eisenhower, the Republican nominee for president. Following that conference, Senator Taft is asking his legion of followers to support General Eisenhower and the Republican ticket in the November election.

Senator Taft conferred with Eisenhower at the latter's request.

It may well be that General Eisenhower, after a sober and careful survey of the political situation, came to the conclusion that the support of Senator Taft and his army of followers, especially in the central west, was absolutely essential if he (Eisenhower) was to stand a chance in the coming election.

At any rate, the general and the senator got together and Senator Taft was satisfied that the general would support Republican policies to the extent of making a good president who would stand for what the Republican party stands for.

If Senator Taft, the greatest Republican since Lincoln, is convinced that Eisenhower can be made into a real Republican president, it seems that the great army of ardent Taft supporters will accept the senator's judgment in the matter and will answer the call of their idol and support the entire Republican ticket.

Senator Taft has called his loyal followers to the support of the man who defeated him in one of the greatest political "grabs" in history and to the support of the entire Republican ticket.

If Senator Taft, after a careful analysis of the situation can do a thing like that for the sake of America and the Republican party, the rest of us can surely swallow our personal dislikes and opinions to the extent of once more following the great senator into battle and do our best for the party whose very survival during these years of the new deal and the fair deal is due to the loyal and untiring efforts of Senator Robert A. Taft of Ohio—the greatest Republican of them all.

Son Succeeds Father As County Commissioner

Suburban members of the Cook county board of commissioners Wednesday named John Mackler Jr., Chicago Heights construction firm official, to succeed his late father on the board.

Board President William N. Erickson and Commissioners George A. Miller and George F. Nixon voted for Mackler. William Busse abstained, stating that the matter should have been decided by the Republican County Central committee.

The senior Mr. Mackler was elected to his third term last November. He died February 16. His son will serve the unexpired four-year term.

Erickson and Miller said south suburban GOP committeemen had met, but were unable to select one of themselves for the job. The committeemen agreed upon Mackler, said Erickson. He added that numerous letters advocating Mackler's selection had been received from individuals, corporations, and church and civic organizations.

Mackler, 46 years old, lives at 264 Memorial drive, Chicago Hts. He and his wife have one daughter, Mrs. Mary Leader.

The Extinction Of a Species

by RALPH PETERS
Bensenville, Ill.

The Eskimo Curlew

Prior to 1885, the Eskimo Curlew apparently rivaled the passenger pigeon in numbers. As many as 2,000 were reported killed in a single day by a party of twenty-five or thirty men, and it was a common experience to shoot as much as a wagon load in a single day, during the April migration through the Mississippi Valley. They flew so close together that a single shot from an old fashioned muzzel loader would bring down nearly thirty.

After 1900, only about a dozen Curlews (all dead) have come to the attention of ornithologists.

In 1925 the last killing of an Eskimo Curlew was reported. There have been a few reports of the birds since then, but in all probability they are extinct.

The reason for their rapid extinction was probably the long migratory flight. Their summer home was in the northern part of Canada. In the autumn they collected in large numbers in Newfoundland and then followed the coast south to Nova Scotia. Then out over the Atlantic, to South America, some not sighting land until they reached the West Indies. Some diverted by autumn gales, landed on Bermuda or even on the New England coast. There they were called "dough birds" because of their fattness at that time of the year, and were killed by the thousands.

Reaching South America they spread as far south as Patigonia for the winter.

In the spring came a gauntlet of gunfire all the way up the Mississippi River Valley as the birds returned to the north.

Slaughtered during its migration both ways, it is little wonder that the Eskimo Curlew exists no longer.

The same situation is occurring right now with the useful and sweetly singing Bobolink.

Due to unfortunate circumstances, when laws protecting song birds were passed, the Bobolink was not on the list. In my opinion, this was a gross misunderstanding of the birds true usefulness in destroying harmful insects and weed seeds. Yet this fact does not stop the disgusting killing which occurs merely "for sport." It is not exactly sport for the bird. Even the seventeenth century feather hunters had a better reason than that.

Save the Bobolink.

Kids Photos

Your practice of photographing the children of newcomers to the community and running the pictures in the paper is an excellent promotional idea. This is the reason I am subscribing to your paper without solicitation on your part. Your choice of a photographer is very good. His work was so good we purchased $12 worth of pictures from him. Such a subtle selling approach certainly deserves recognition.

Wide Street

It is my great pleasure to congratulate Arlington Heights on the splendid job done on the widening of S. Dunton, which makes it a pleasure to shop on that street, which I do several times a week. All the business streets and many residential streets would benefit from the same kind of scientific engineering and modernization. It is a business street now equal to our modern cars and fast transportation.

The beautiful tree-lined "horse and buggy" streets are a constant traffic hazzard. In summer, the shady streets have poor visibility and at other seasons the streets are slippery with wet leaves and fallen branches. Our towns must modernize scientifically for our fast transportation.

In my opinion, transportation terminals and most of our parking space should be underground. Parking space should be underground, in business districts, under public buildings, under schools and even under private dwellings. You will find foreign countries sometimes far ahead of us in this way.

Bird Watcher

We have recently moved into our new home at 2827 Val Verde dr. NE, Albuquerque, N. M. and wish to advise you of our change of address as we enjoy receiving the paper.

I miss writing the bird column for the paper, but as a matter of fact see very few birds down here. For the time being until we get used to it, we are busy looking at the scenery, Indians, pueblos, fiestas, rodeos, ceremonials, ruins, old Spanish sections of the towns and homo sapiens in general of which there is a wide and interesting selection down here.

So if any of you birds up there want to come down here and be watched, we would be pleased to accommodate you.

Des Plaines Acts To Obtain More City Parking Lots

Three important developments to provide more off-the-street parking in Des Plaines occurred last week and it is expected at least one of the moves may culminate in definite action. These developments together with plans already made, would bring to 327 the number of cars that could be parked in new lots being considered.

Plans have been completed by the city to purchase the 68x150 ft. Charm House property on Graceland ave. between Prairie and Ellinwood. It's adjacent to the city's proposed No. 1 parking lot and includes a two-story frame building, formerly the Charm House restaurant.

Purchase price is reported at $25,000.

An altogether new parking lot may be established by the city on a 90x150 ft. trac on Webford ave. H. V. Rothery, owner, has been holding out for $12,000 for the land.

Murder Trial Won't Start For Six Weeks

It will take at least six weeks, possibly longer, before the trial of five young hoodlums for the murder of Des Plaines policeman Harry W. Bending Jr., can begin.

The five, headed by Richard "Smokey" Green who earlier admitted the Aug. 28 gun-slaying of Bending in the holdup of Time Finance in Des Plaines were indicted last week.

Their arraignment can be expected the end of this wek. If the arraignment is not continued, the defendants will have a minimum of 30 days after the arraignment date in which to prepare defenses. However, the six week period is probably a minimum period before a trial could begin.

Brides To Be

The following marriage licenses were issued last week to residents of the north suburbs.

Lest Richards, Norwood Park, Helma Duffey, Des Plaines.

Charles Hutto, O'Hare Field, Park Ridge, Elaine Davis, Des Plaines.

Wesley Buffington, Bastrop, La., Nancy Goodrich, Des Plaines.

Richard Hoffmann, Skokie, Theresa Brida, Wilmette.

Otto Michaelis, Palatine, Joan Grever, Palatine.

Delmar Dingler, Arlington Heights, Betty Smith, Arlington Airport, Arlington Heights.

Roy Hanneman Jr., Northbrook, Lorraine Beigel, Arlington Heights.

Vernon Rascher, Elinor Staudenbaur, Mt. Prospect.

For Townships of Wheeling, Elk Grove, Palatine, Barrington, Schaumburg and Hanover

OFFICIAL NOTICE

This publication is the official notice to property owners, of the 1952 personal property assessments made in the town and district indicated. RETURNS AND ESTIMATES

THE LAW PROVIDES THAT, WHERE A PROPERTY OWNER FAILS TO RETURN A SWORN SCHEDULE LISTING HIS PROPERTY THE ASSESSOR OF COOK COUNTY MUST ESTIMATE ITS VALUE ACCORDING TO HIS BEST JUDGMENT AND INFORMATION, AND ADD THERETO A PENALTY OF 50 PER CENT. ASSESSMENTS RAISED ON ESTIMATES AND RETURNS HAVE EQUAL STANDING IN LAW.

The amounts herein listed are the assessed values of personal property as of April 1, 1952, as determined by the Assessor of Cook County.

The amount listed as the assessed value is not the tax. The tax may be determined by multiplying the assessed valuation, after it has been equalized by the Department of Revenue of the State of Illinois, by the tax rate in the Town and District in which the property is assessed. The Assessor has nothing to do with the equalization of values or the establishing of tax rates.

BASIS OF COMPLAINT ON ASSESSMENTS

Where a property owner has a specific claim of over or under valuation, complaint may be filed with the Board of Appeals in the County Building, immediately after this notice.

INFORMATION ON ASSESSMENTS

Each property owner who has any questions in regard to the same, should inquire at the office of the Assessor of Cook County, Room 312, County Building. Information will be furnished without cost.

HINTS FOR HOMEMAKERS

SPRAY A "NEW LOOK" ON WOOD FURNITURE

by the General Electric Consumers Institute

If you've put off painting that porch furniture because it just seemed like too much of a job for a hot-weather weekend, don't put it off any longer.

Get out the sprayer attachment of your vacuum cleaner and go to work!

The sprayer will apply water-thinned paint to wood furniture in a jiffy, says the General Electric Consumers Institute.

Just be sure that you attach the hose to the blower opening of the cleaner (unless you want the paint inside the cleaner instead of outside the furniture). Then fit the sprayer to the hose. You may add an extension tube to the hose first, if you wish, but it's not really necessary.

Turn the sprayer on—and that's all there is to it.

Test Spray First

You can regulate the amount of spray on most attachments, and the smart idea is to try the spray on an obscure corner of the furniture until you get just the right intensity. Remember, too, that overlapping sprayed areas will result in an uneven coating. And be sure to clean the sprayer thoroughly after each use.

You'll find the sprayer attachment good for applying liquid wax to floors, too—and for spraying insecticides, both indoors and outdoors (on flower beds and shrubbery).

Building In Brisk Gain, Issue 101 Permits, 45 For Homes

Building activity in north DuPage county in August underwent a brisk increase over the previous month with a valuation of $670,268 announced for the 101 permits issued. This is a gain of close to 40 per cent over the previous month's value of $486,945. Forty-five of August's permits were for residences.

BENSENVILLE, for the third straight month, paced the village with 21 permits going out for construction to cost $87,100. A dozen permits with a value of $60,350 were issued in July while the high month for the year was April with a valuation of $162,811.

The six homes are being built for: Julius Falkenskov, 221 N. Orchard, $10,000; Sam Richman, 221 Church, $16,000; Robert W. Rice, 1336 W. Irving Park, $10,000; Clifford Reinrich, 421 S. Barron, $9,600; Verlin Snowberg and Earl Whalen, 217 S. May st., $13,000, and Eugene Patterson, 164 S. Walnut, $12,000.

OTHER Bensenville permits went to: Harry Runge, 165 S. Center, garage, $1,000; Woodrow Theis, 248 S. Mason, addition, $2,400; Albert Franzen, 327 W. Grove, garage, $750; Gerald Ritenour, 22 N. York, garage, $750; Charles Curran, 123 N. Garden, foundation, $2,700; Walter A. Smialek, 227 S. Mason, garage, $500; James McGowan, 439 S. Miner, addition, $2,000.

Martin Suchy, 226 Orchard, tool shed, $200; Charles R. Wolf, 140 Garden, garage, $750; H. Stone, 264 S. York, garage, $500; A. Anderson, 25 Railroad ave., addition, $700; Dan Grabowski, 130 N. ROSELLE RANKED second among the incorporated regions for the second consecutive month with a value figure of $62,500 set for the seven permits issued. Four were for dwellings to cost $20,000, $13,000 (two) and $12,000 respectively.

Itasca's 10 permits went out for building to cost an estimated $45,400. This was the largest number of permits sent out by the village in any month so far in 1952. Homes approved were: L. A. Price, 504 E. Washington, $14,000; Nick E. Favia, 444 Bonnie Brae, $8,000, and Ehlert Wrage, 321 W. Bloomingdale, $16,000.

Other Itasca permits, all for garages, were issued to: J. C. Miller, 740 Greenview, $1,500; O. A. Wunder, 427 N. Maple, $1,400; L. R. Pasquini, 242 S. Maple, $600; M. J. Stillmank, 426 N. FIVE PERMITS went out for building in Wood Dale with two going for homes to cost about $8,000 each. The high month for the year in the village was May when 13 permits were let out with a total worth of $50,375.

Construction in unincorporated Addison township during August had a valuation of $343,375 with 24 of the 44 permits going for new dwellings. This value was second only to the record figure of $493,226, which was established in May.

Charity Ball Nets $6,000 For Hospital

Proceeds from the recent 1952 Starlight Charity ball, sponsored by the seven units of the DuPage county Memorial hospital guild, totalled $6,000, Mrs. H. Richard Bowman, Itasca, general dance chairman, announced this week.

The money will be used to pay for enlarged parking facilities north of the hospital, which is located in Elmhurst. Upon completion, the parking area, which was purchased and donated by the hospital medical staff, will be available for guests during visiting hours. The area will be increased by 150 per cent to allow space for 85 more cars.

The Starlight ball is the only combined guild unit project of the year. Assisting Mrs. Bowman this year were the following representatives from the seven units: Mrs. Louis Garbi, Elmhurst seniors; Mrs. Claude Snead, Elmhurst juniors; Mrs. Glenn Runke, north DuPage
